Topic: Getting Access to Supports for Our Kiddos

Gary Tonks, M.Ed. is the President/CEO of The Arc of Ohio. He has over 40 years of experience supporting individuals with developmental disabilities and their families and has been intimately involved in the development of those services. He is one of the architects of Ohio's current waiver system and works daily to improve and expand services. His presentation will provide the steps necessary to not only access support but how to navigate the ever changing Ohio system. More importantly, he will provide an opportunity to interact with questions & answers given current updates & what's to come.

The Parent Mentors of Brunswick City Schools will be presenting monthly gatherings open to all families of school age children with disabilities. Please feel free to bring your child(ren) with activities for them to do so they also have the opportunity to engage with their peers. We are **NOT** providing child care at this time but will have helpers/volunteers to help keep them busy, so parents can socialize and listen to our featured presenter. This program will be free of charge but the sponsors are requesting a registration to plan for accommodations. Email Khawkins@bcsoh.org for more information & RSVP.
