

- Tech Advocates -

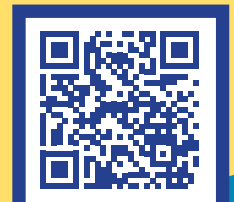

Are you enthusiastic about technology? Become a Tech Advocate!

Ohio Tech Ambassadors is looking for volunteers, who are interested in teaching others about technology, to become Tech Advocates in Medina County. A Tech Advocate is someone who will promote using technology by sharing their personal experiences and successes.

Other duties of a Tech Advocate include:

- Complete in-person or virtual peer-to-peer trainings and support sessions on technology use and operation
- Demonstrate technologies personally used
- Participate in ongoing training efforts on technology, advocacy and presentation skills
- Work with other Tech Advocates, the Ohio Tech Ambassadors, We Thrive Together staff and volunteers, and the Ohio Department of Developmental Disabilities to increase technology use

In order to become a Tech Advocate, you must have experience using technology, the internet, and email. You must also have the ability to communicate, in-person and online, with people interested in technology.
