Meeting Minutes

MEDINA COUNTY BOARD OF DEVELOPMENTAL DISABILITIES
Regular Board Meeting Minutes
July 22, 2024

I. Call to Order

The MCBDD Regular Board Meeting was called to order by Board President Andy Olah at 5:03 p.m. Other Board Members present included the following: Dave Hartman, Mark Gryskiewicz, Sandra Thomas Fain, Ann Salek, Lisa Dreaden, and Wayne Carroll (arrived at 5:07 p.m.).

Staff present included the following: Stacey Maleckar, Annie Finnerty, Shannon Lees, Diana Davis, Sabrina Johnson, Carey Bates, Tracey Lambdin, Patti Hetkey, Bobby Richards, Ed Dryer, and John Krebs.

Others present included the following: Keisha Thomas.

II. General Session

A. Pledge of Allegiance

The Pledge of Allegiance was recited.

B. Mission Statement Affirmation

The Mission Statement was recited.

C. Recognitions

1. Retirement – Sharon Horn

Stacey Maleckar, Superintendent, read the Retirement Proclamation for Sharon Horn. Ms. Horn was not in attendance. Ms. Horn has been with the MCBDD for 39 years and was instrumental in developing the Safety Town Plus+ program, as well as the preschool program. She will be greatly missed. The Board wished Ms. Horn the very best in her upcoming retirement.

D. Approval of Minutes

1. Approval of the Minutes from the Regular Board Meeting, June 24, 2024

A Motion was made by Mr. Hartman, seconded by Mr. Gryskiewicz, to approve the Minutes from the Regular Board Meeting on June 24, 2024. Ms. Thomas Fain abstained. All others voted “yes.” The Motion was approved.

E. Presentation

Sabrina Johnson, Director of SSA, and Ed Dryer, Director of Community Supports, presented to the Board. Information regarding the following was shared:

- Definition of Assistive Technology vs. Remote Supports
- What has been done to increase the use of Remote Supports
- Where we are now in regard to increasing Remote Supports
- The MCBDD Lending Library: options and process
- The MCBDD Smart Home: items and visitors

- The Medina/Summit Tech Expo (9/26/24)
- Visible results regarding use of Assistive Tech and Remote Supports

Questions from the Board included the following topics:

Q: Who is reviewing this, legally?

A: The provider is responsible for implementation and training. Remote Supports are based on assessed need. SSAs are responsible for conducting Continuous Reviews, and if there was any kind of incident, the MUI process would be used to investigate and remedy.

Q: In light of the recent computer system failure, is there something in place for a backup to a remote monitoring system?

A: The Team for each individual will have backups in place.

Q: Have the schools been contacted about this option?

A: Yes; and a “Save the Date” has been sent to the schools for the Tech Expo.

Q: Is there first responder training for this?

A: Not currently; however, Ms. Maleckar is going to be meeting with representatives of local law enforcement to discuss first responder training. Most departments have a form that can be filled out when there is a person with a disability living in a home, but we would like to see a uniform form used across all law enforcement agencies.

Q: Are remote support communications between the individual and the provider encrypted?

A: Safeguards are in place by the manufacturer, as with any other system. In addition, because this is a waiver service, there are some other standards that must be met, by rule.

At this time, Mr. Olah stated that there will be an Executive Session at the end of the meeting for Personnel Matters.

Mr. Hartman requested a discussion regarding the article in the Gazette about grant money being used for the building that used to be the MCBDD bus garage. Mr. Olah called Point of Order and asked if the discussion could be moved to end of the Reports section of the Agenda. Mr. Hartman agreed.

F. Old-Business

There was no Old-Business.

G. New Business

1. ProDoor & Security Door Replacements Resolution #24-24 (ACTION)

A Motion was made by Ms. Thomas Fain, seconded by Mr. Hartman, to approve Resolution #24-24 to authorize the Superintendent to accept the quotes with ProDoor & Security for door replacements – C11-C12-C13. The quotes for the scope of work shall not exceed: \$26,494.55. The main purpose of this project is to replace (3) exterior building doors (C11-C12-C13). This project is included in the Capital Improvements budget. The Motion was approved with a unanimous “yes” vote.

H. Reports Review

- Superintendent’s Report
 - Ms. Maleckar reviewed the Superintendent’s Report. Additional topics discussed included the following:
 - The Cost Projection Tool dashboard is now on the DODD website.

- The Momentum Refresh vehicle was used at the Taste of Wadsworth event and was very successful. It will also be used at the fair. We must book 6-8 weeks in advance.
- Since the ESC is not using the school side for ESY (extended school year) this year, we were able to make needed updates to the classrooms and restrooms.
- Financial Reports – Ms. Bates reviewed the following:
 - Revenue
 - \$50K – State Capital Grant.
 - \$11,115.20 – State Grant FY24 (law tech safety): used to purchase five phase 2 radios that go directly to dispatch and replace the old MARCS radios.
 - Donations: \$673.93 – from Ice Cream Social toward Special Events fund.
 - Expenditures
 - June was a two-pay month.
 - Travel includes the OACB Spring Conference & trainings: Operating - \$4,486.92 and Training - \$8,539.32.
 - Special Projects – provider support programs and DODD ARPA grant expenses.
 - Utilities – no electric paid in June (was paid July 1).
 - \$3,454.80 – blinds for school office (decreased payment due to grant money).
 - Match for five individuals in a developmental center.
 - No concerns.
 - Cash Balance
 - \$40.7M – fund balance.
 - Cash Flow
 - \$940,711.21 used of fund balance.
 - Voucher Report
 - Board Member questions were addressed.

Voucher Report(s) & Resolution #25-24 (ACTION)

A Motion was made by Mr. Carroll, seconded by Ms. Salek, to approve Resolution #25-24 to approve the Financial Reports for June, 2024. The Motion was approved with a unanimous “yes” vote.

- Enrollee Stats
 - Ms. Maleckar stated there is nothing of significance to report.
- Personnel Control Report
 - Ms. Maleckar stated there is one vacancy in the Community Engagement Department.
- Quarterly Reports-The following quarterly reports were presented and questions addressed.
 - Contract Monitoring
 - Community Provider
 - Ombudsman
 - Fiscal Indicators – question raised regarding increase in percentage for MCBDD’s local match responsibility. Increase is due to the rate increase. Another increase occurred at the beginning of July.
 - Performance Outcomes – question raised regarding whether this report has led to anything that needs to be addressed in 2025. Ms. Maleckar stated it has not.

In regard to Mr. Hartman’s earlier question about the grant funds being used to renovate the building that used to be the MCBDD bus garage, Ms. Maleckar stated that that project is with MCA and we have nothing to do with it. Mr. Hartman’s concern stems from the way the article is worded and that it appears that the MCBDD is the one obtaining the grant funds. Ms. Bates stated that sometimes it’s the terminology used by the agency awarding the grant. Should the grant funds come to MCBDD by mistake, they would be returned to the sender. Ms. Bates assured Mr. Hartman that while the article may have been confusing, the grant documents will have the correct name. Mr. Carroll stated we need to keep our eye on the situation.

Mr. Carroll shared a disability pride flag used in his yard and stated it is a positive way to share info and start conversations about disability awareness.

Mr. Hartman gave kudos to Patti Hetkey for all the great articles in the Community Engagement section.

III. Open Forum

No speakers.

IV. Executive Session

A Motion was made by Ms. Thomas Fain, seconded by Mr. Gryskiewicz, to enter into Executive Session for: Personal Matters. Business may be conducted after the Executive Session. The Board entered into Executive Session at 6:08 p.m. Ms. Davis was invited to attend the Executive Session. The Board exited the Executive Session at 6:40 p.m.

V. General Session

A. New Business

1. Superintendent Salary Increase Resolution #26-24 (ACTION)

A Motion was made by Ms. Salek, seconded by Ms. Thomas Fain, to approve Resolution #26-24 in regard to Ms. Maleckar’s salary increase, effective July 8, 2024. This increase is based on data obtained through a wage analysis conducted by HR Works and the 2024 OACB salary survey. The Motion was approved with a unanimous “yes” vote.

VI. Adjournment

A Motion was made by Mr. Hartman, seconded by Ms. Salek, to adjourn the meeting at 6:43 p.m. The Motion was approved with a unanimous “yes” vote.

MEDINA COUNTY BOARD OF DEVELOPMENTAL DISABILITIES

LEGACY ROOFING SERVICES GUTTER REPLACEMENT (SOUTH END) PROPOSAL

A motion was made by _____ and seconded by _____ to authorize the Superintendent to accept the scope of work for a proposal with Legacy Roofing Services for the following services:

- Remove and replace gutters on the south end of building.
- Extend downspouts with slope of roof to gutters to control water drainage.

The cost for the scope of work and any elected options shall not exceed: \$60,840.00.

Explanation:

The main purpose of this project is to fix higher priority issues where there are currently gutters leaking and overflow. Specifically, this work will help re-route some of the drainage from the Workshop peak to spread better instead of it going to a small gutter section by one of the South SSA gutters that has drainage issues. When it rains hard, this area always overflows to where it has created minor interior drywall damage that we consistently repair. This project is included in the Capital Improvements budget.

THE MOTION WAS CARRIED AND ASSIGNED RESOLUTION #29-24.

Legacy Roofing Services Terms And Conditions

PAYMENT TERMS: Late Payments: Payments are due upon receipt of invoice. Late payment finance charges of 1.5% per billing cycle will begin to occur 21 days after invoice date and will continue to occur monthly.

ACCEPTANCE: This Agreement must be accepted and executed by Owner. No work will commence at the Project until Owner accepts this Agreement in writing. Any terms proposed in Owner's acceptance of this Agreement that add to, vary from, or conflict with the terms and conditions herein are hereby objected to and shall not apply.

LEGACY shall execute the entire work described in this Agreement, except to the extent specifically indicated to be the responsibility of others, or that otherwise are excluded from LEGACY's scope of work by this Agreement, as may be amended and supplemented.

This Agreement represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. In the event of any conflict between this Agreement and any other documents, this Agreement shall control in each case.

CONTRACT PRICE: The scope of work and contract price are set forth in this Agreement

CONTRACT MODIFICATIONS: The Scope of Work and Contract Price are subject to increase, but only upon the mutual written agreement of Owner and LEGACY, which shall be a condition precedent to LEGACY's performance of any additional work. In no event shall Owner be permitted to direct LEGACY to perform additional work beyond that which is included in the Agreement, absent a written change order executed by both parties.

In the event there is a change in the work necessitated by differing or changed conditions, schedule or sequence adjustments, or other factors not the responsibility of the LEGACY, then the prices set forth on the Agreement and Project schedule shall be equitably adjusted. In the absence of a lump sum for the extra work or delay costs, LEGACY shall be paid on a time and material cost plus basis at LEGACY's then prevailing labor and equipment rates, together with overhead and profit at margins established and acceptable to LEGACY.

Mechanical Attachment of any Kind on this roof system will require a fastener to penetrate the roof decking. Legacy will exercise extreme caution to avoid any fasteners from damaging conduit lines, although that may be unavoidable. In the event that a mechanically attached method is approved in this Agreement, Legacy will be liable for the damages to repair the existing electrical conduit only. Legacy is not liable for any downtime, lost production time, surge damage to machinery, or any other related items.

NO LIEN WAIVER: Under no circumstances does LEGACY agree to waive its lien rights to file, or permit its subcontractors, vendors, laborers, unions, or material men (including lower-tiers), to file any mechanics' liens to secure payment for materials of work furnished in furtherance of the Agreement.

SITE CONDITIONS: Owner and LEGACY acknowledge and agree that LEGACY assumes no responsibility for any concealed or unknown physical conditions, or any concealed or unknown physical condition in any area where the work is being performed. LEGACY shall be entitled to an equitable adjustment of the contract price to account for all costs incurred by LEGACY as a result of unknown or unanticipated or differing conditions.

LIMITATION OF LIABILITY: LEGACY SHALL NOT BE LIABLE, REGARDLESS OF THE FORM OF ACTION AND/OR CLAIM, FOR ANY DIRECT, INDIRECT, INCIDENTAL, PUNITIVE, CONSEQUENTIAL AND/OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, LOST PROFITS OR LOSS OF USE RESULTING AND/OR ARISING FROM A BREACH OF WARRANTY, DELAY OF PERFORMANCE AND/OR ANY OTHER BREACH HEREUNDER OF THE AGREEMENT OR HEREUNDER. ANY ACTION RESULTING FROM ANY BREACH ON THE PART OF LEGACY MUST BE COMMENCED WITHIN ONE (1) YEAR AFTER THE CAUSE OF ACTION HAS OCCURRED.

OWNER INDEMNITY: To the fullest extent permitted by law, the Owner shall defend, indemnify and hold LEGACY, its shareholders, officers, directors, employees, agents, successors and assigns, harmless from and against any and all claims, suits, actions, liabilities, losses, costs, reasonable attorneys' fees, expenses, judgments or damages, whether ordinary, special or consequential arising directly or indirectly from or in connection with the acts, negligence, omission or willful misconduct of Owner, of any breach of the Agreement or these Terms and Conditions.

LEGACY INDEMNITY: To the fullest extent permitted by law, LEGACY shall indemnify and hold harmless the Owner and the Owner, from and against claims, damages, losses and expenses (including, but not limited to attorneys' fees), arising out of or resulting from performance of the work, provided, however, that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction to tangible property (excluding the work itself), but only to the extent caused by the negligent acts or omissions of LEGACY.

TERMINATION. If the Owner fails to pay LEGACY in accordance with the terms herein, through no fault of LEGACY, LEGACY may terminate the contract and recover from the Owner payment for work executed (including overhead and profit) and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery, including reasonable overhead and profit on unperformed work.

ASSIGNMENT. The Agreement and these Terms and Conditions shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns. The Agreement shall not be assigned, delegated or otherwise transferred by Owner except upon the prior written consent of LEGACY and any assignment or transfer without that consent shall be void and of no effect.

APPLICABLE LAW. The Agreement and these Terms and Conditions shall be governed by and construed in accordance with the laws of the State where the Project is located. The Parties agree that any claim between the parties arising out of this Agreement, shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. The Arbitration shall be conducted in the place where the Project is located, unless another location is mutually agreed upon.

NOTICE AND RIGHT TO CURE. OHIO LAW CONTAINS IMPORTANT REQUIREMENTS YOU MUST FOLLOW BEFORE YOU MAY FILE A LAWSUIT OR COMMENCE ARBITRATION PROCEEDINGS FOR DEFECTIVE CONSTRUCTION AGAINST LEGACY. AT LEAST SIXTY (60) DAYS BEFORE YOU FILE A LAWSUIT OR COMMENCE ARBITRATION PROCEEDINGS, YOU MUST PROVIDE THE LEGACY WITH A WRITTEN NOTICE OF THE CONDITIONS YOU ALLEGE ARE DEFECTIVE. UNDER CHAPTER 1312 OF THE OHIO REVISED CODE, LEGACY HAS AN OPPORTUNITY TO OFFER TO REPAIR OR PAY FOR THE DEFECTS. YOU ARE NOT OBLIGATED TO ACCEPT ANY OFFER LEGACY MAKES. THERE ARE STRICT DEADLINES AND PROCEDURES UNDER STATE LAW, AND FAILURE TO FOLLOW THEM MAY AFFECT YOUR ABILITY TO FILE A LAWSUIT OR COMMENCE ARBITRATION PROCEEDINGS

SUPERINTENDENT'S REPORT

September, 2024

SSA

- On 8/23, the SSA Department held their annual picnic in the pavilion area. Everyone had great enthusiasm and especially enjoyed the talent show performances.
- The SSA Department Director's last day was 8/30. The SSA Managers will continue to provide daily oversight and receive support from the Superintendent and the IA's will also continue to provide oversight with support from the Assistant Superintendent.

COMMUNITY ENGAGEMENT

- On 7/29 – 8/4 at the Medina County Fair, we promoted general agency information.
- On 7/30 on Wadsworth Community Radio, we were interviewed about the Mobile Changing Unit.
- On 8/16 at the WIC Farmer's Market, we promoted Early Intervention Services.
- We provided items and information for the Wadsworth Back to School Backpack giveaway.
- On 8/21 at the Brunswick Business at the Barn, we promoted general agency information.
- On 8/17 and 8/19, we hosted and presented to Leadership Medina County's Junior Leadership Program at the Achievement Center.
- The MCBDD celebrated DSP Appreciation Month with the following: articles in local newspapers, yard signs, social media, DSP Spotlight nominations, and videos.

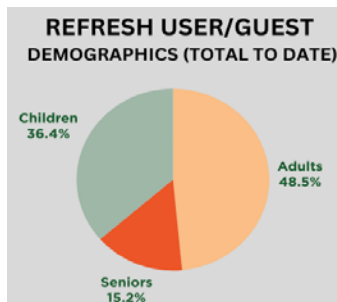

Upcoming Events:

- 9/26: Cloverleaf High School Career Exploration Day
- 10/11: Wadsworth Senior Expo
- 10/12: MCBDD Community Shred Day from 10:00 am -1:00 pm

Mobile Changing Unit – August 2024

Two Events: Taste of Wadsworth, Medina County Fair

Visitors: 187

Visitor Comments:

“Thank you for being here. This helped immensely. This is so nice and clean.”

“This is great! We are often limited in where we can go because of bathroom concerns. Just awesome!”

EARLY INTERVENTION:

- Referrals for the month of August (29) hold steady, but are a little below average for the last quarter.
- There have been a lot of revisions in the new forms that were published 7/5, which has made the process of consents for services and developing the family plan more challenging; however, staff have been flexible and have persisted to ensure appropriate services for families.

ADMINISTRATIVE REPORT

- The third Toddler Play Group of the year took place on 7/10 at the Fred Greenwood Park splashpad. Despite the unpredictable, and sometimes scary weather, the group was as successful as the situation allowed. Approximately 25 people attended including children, parents, siblings, and other family members. Thanks to all of the MCBDD staff who showed up to assist and offer support (Scott and Sarah!). The final Toddler Play Group of the year is scheduled for 9/23 at Mugrage Park.
- The EI Coordinator position has been filled. Taylor Schell, current EI/Windfall School lead Speech Therapist was selected by the committee. There were over 10 qualified applicants for the position. Six applicants took part in the interview process.
- EI staff are scheduled (9/23) for Britico training with the Geauga County EI staff. The focus of this training is for staff to become proficient in the data entry process, system reports, and timeline compliance.

SCHOOL AGE

- **Fall Training:** Staff were engaged in several trainings to prepare for the arrival of students: a PBIS program for the classrooms (which includes school-wide incentives), a de-escalation program (Aegis) for new staff, a lifting refresher for all staff, and a refresher for IEP meetings and mandates.
- **Music Mondays:** Students are experiencing personal interactions with instruments and developing an understanding of cadence, volume, and sing-alongs.
- **Transitions:** Classroom staff have been working on transitions that are related to real world situations through social stories and specials throughout the day.
- **Community Field Trips:** Many of our students are going out in the community for instruction on daily living skills. Our first few trips are focusing on making a list for cooking, finding those items, and then using the “Life Skills Lab” to develop cooking skills.
- **Communication:** We streamlined communication systems that use common visuals to create routine and daily schedules allowing for smoother transitions throughout the day.

COMMUNITY SUPPORTS & DEVELOPMENT DEPARTMENT

Community Partnerships

- **DSP-U** - The 2nd class for the DSP-U program had its kickoff at the Medina County Career Center on 9/5. We are thrilled that six students from Medina County Career Center (MCCC) will be completing the program this school year. This partnership with OADSP, MCCC, MCBDD, and several providers is an exciting opportunity to bring new potential DSPs into the field. We want to recognize our internship partners this year: AC Passage, Medina Creative Accessibility, Intervention for Peace, and Windfall School.
- **Interactive Tech Expo** – On 9/26, MCBDD will be partnering with Summit County Board of DD and We Thrive Together to put on an Interactive Tech Expo at Summit Mall. This event will have over 40 vendors that include a variety of non-profits, agencies, and professionals that will offer interactive supportive technology. In addition, a total of seven presenters will demonstrate how assistive technology can assist individuals throughout the life span. This will also include a musical performance by Hearts of Music.

Advocacy Meeting

- Our 7/23 meeting was held via Zoom with around 22 in attendance. We watched an interview that an Advocate had with Drew Davis, creator of Crippling Hot Sauce, which we had discussed in a previous meeting. Also discussed was the MCBDD Health Service Message on National Simplicity Day. We watched a stop-motion film, “47”, which followed a man named Robert, with Down syndrome, and his journey to acceptance and inclusion.
- AC Passage was gracious enough to host our 8/27 meeting, which included 31 in-person attendees and additional attendees via Zoom. The discussions included: Mattel introducing a Barbie who is blind and also an African American Barbie with Down syndrome; the fact that

Caroline’s Carts are coming to all Walmarts; Amy Purdy, a Paralympic snowboarder, sharing her experiences with air travel, her electric scooter being damaged, and also the lack of accessibility at the most recent Paris Olympics; the quote from Olympian Noah Lyles about achieving your goals; and we touched on SMART goals and a short lesson on Social Media Etiquette and Safety.

- Our next meeting is 9/24, when we will be interacting with First Responders. This event is being held at MCBDD.

Leadership Academy

- Leadership Academy was held on 7/16 and 8/20. In addition, the participants attended the Medina County Commissioners meeting on 8/6. In our July class, we went over Focus Group questions and covered Time Management and Interview Skills. We were thankful to have MCBDD Assistant Superintendent, Annie Finnerty, come and speak about the board of directors and what their responsibilities and duties entail. We also worked further on interview skills and held mock interviews. Our last class will be held on 9/17 and we will cover Leadership Goals as they will graduate at the Board meeting on 9/23.

Advocacy Curriculum

- The first session of the 4-week Advocacy curriculum was held at Boundless’ Confection Connection bakery. The curriculum was tailored to their six workers. We covered Feelings and Likes/Dislikes, Problem Solving with the Spiral Model, Rights & Responsibilities, Styles of Communication, and setting SMART goals. Good feedback was received for the customized curriculum.

Provider Support

DSP Spotlight - August	DSP Spotlight - September
<p><i>Nicole Walker</i>, was recognized for the August DSP Spotlight. Nicole is a Nurse/House Manager for Transitional Living Centers. Nicole started working at TLC as a DSP in 2013. Nicole stated <i>“I loved the DSP aspect of the job, but wanted to do more, so I went to nursing school to become a nurse and then continued to work in this field.”</i> Nicole was nominated by her co-worker. Thank you, Nicole!!!</p>	<p><i>Brenda Hoovler</i>, was recognized for the September DSP Spotlight. Brenda was nominated by her supervisor at Intervention for Peace, who stated, <i>“Though her kind heart, thoroughness, and dependability are admirable, it is her approach with individuals that shines brightly.”</i> Brenda has worked as a DSP for 8 years. Congratulations Brenda!!!</p>

FOOTNOTES:

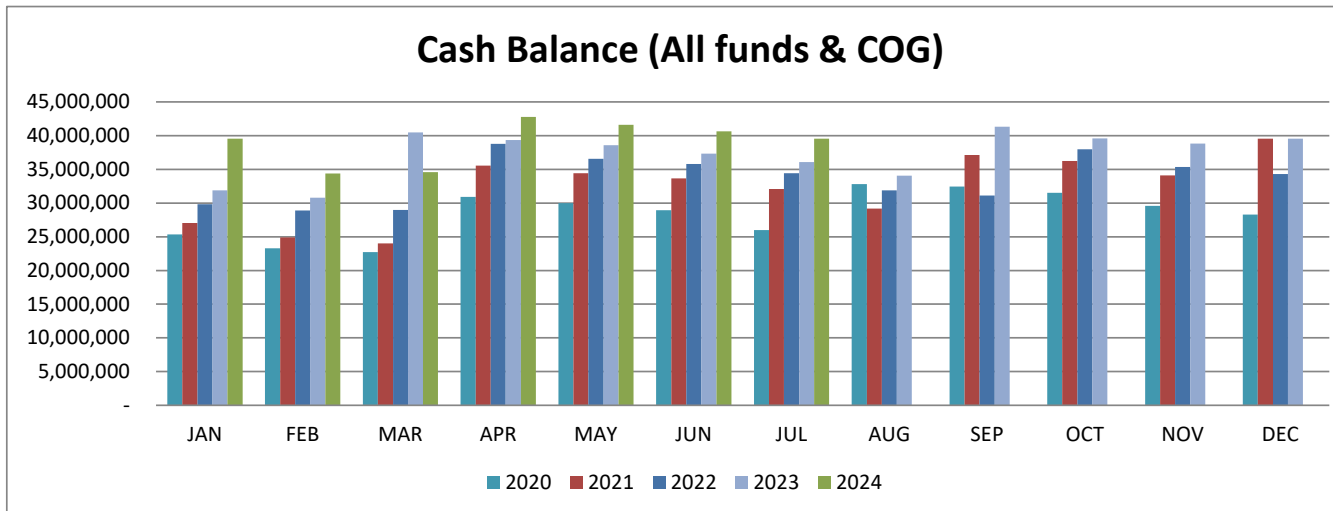

1. This report combines all funds for MCBDD (General, Capital, Sales Tax and Donated); Initial Budget is the initial approved 2024 Budget. Budget changes are for appropriation transfers, increases or decreases that occur after the initial budget is approved. Adjusted budget is current budget net of budget changes.
2. Local Match includes quarterly payments plus 5th invoice to DODD for Medicaid match, as well as match for those individuals living in a DC.
3. Other Expense includes one-time payments (e.g. professional memberships - OACBDD, OPRA, Chambers, etc.).
4. Prior Year Carry-over is 2023 expenses paid in 2024.
5. Salaries - three pay months (May and November 2024).
6. Transfers- This is not an expense but is needed to transfer money from the general fund to the capital improvement fund (none needed for 2024)
7. Reserve - Designated reserve accounts covered by ORC 5705.222 (C)

Footnotes:

1. This report combines all funds for MCBDD (General, Capital, Capital Sales Tax and Donated).
2. Rollback/ Homestead is the portion of Real Estate Taxes that are paid by the State twice a year.
3. Real Estate taxes are received twice a year typically in April and August or September. 1st half rec'd 4/12/24
4. Grants - Federal (Title XX, National School Lunch, Title VI), Grants - State (RAP, Capital Assistance Grants (Housing), Other State Grants)
5. Medicaid payments (Waiver & Targeted Case Management) - 2024 waiver revenue is Transit NMT waiver billing only.
6. Donations received (3315-40072): Mar - (6) donations received for \$600 in memory of Sue Barnes Brown (donor scholarship), Apr - (5) donations received for \$475 in memory of Sue Barnes Brown (donor scholarship), \$1200 received from Bob Sefcik to be used for camperships, (2) donations received for \$1000 from Ullman Oil Co. for their Educational Alliance program (supporting local schools) (Windfall School), May - donation received from Laura and Bob Calmer in memory of L.B. (former student) (Windfall School), Jun - \$673.93 Ice Cream Social donations (to Special Events). Jul- \$1495 (cash and two check donations from Community Shred Day (to donor scholarship)
7. Medicaid Settlement - cost report and waiver match reconciliations. For CY24, we expect FY22 waiver match reconciliation and CY21 cost report settlement (budgeted for CY20 to be rec'd in 2024 but received 12/2023).
8. Cash transfer from general fund to capital improvement fund - no cash transfers expected in CY24.
9. Other Non-revenue - insurance premiums PT staff (moved to 40420 general reimbursements in 2023)

FOOTNOTES:

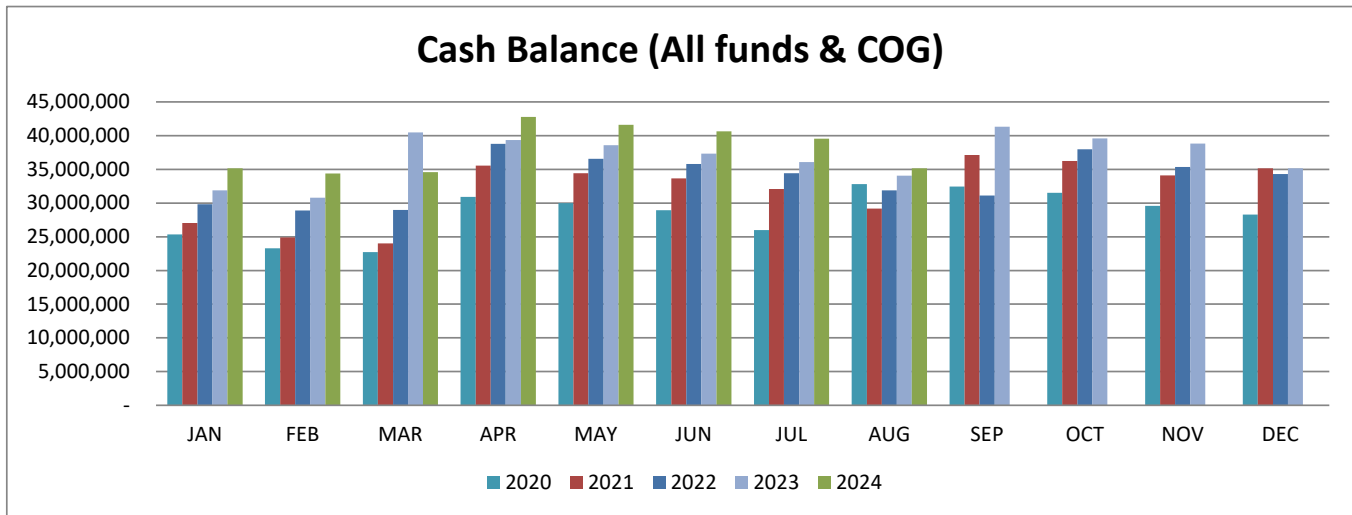

1. This report combines all funds for MCBDD (General, Capital, Sales Tax and Donated); Initial Budget is the initial approved 2024 Budget. Budget changes are for appropriation transfers, increases or decreases that occur after the initial budget is approved. Adjusted budget is current budget net of budget changes.
2. Local Match includes quarterly payments plus 5th invoice to DODD for Medicaid match, as well as match for those individuals living in a DC.
3. Other Expense includes one-time payments (e.g. professional memberships - OACBDD, OPRA, Chambers, etc.).
4. Prior Year Carry-over is 2023 expenses paid in 2024.
5. Salaries - three pay months (May and November 2024).
6. Transfers- This is not an expense but is needed to transfer money from the general fund to the capital improvement fund (none needed for 2024)
7. Reserve - Designated reserve accounts covered by ORC 5705.222 (C)

Highlights and Concerns

1. Six students at the Medina County Career Center are participating in the DSP-U program this school year. The students will get to participate in their choice of 4 internship sites. A DSP Recruitment Provider Network has been created and will be meeting to discuss and review progress and successes.
2. The second Provider Mingle held in June had 42 attendees and was held at Spokes Café' II. The third Provider Mingle is being held in September and will be hosted by The Society and The Lodge at Camp Paradise. Telehealth services will be the topic discussed.
3. September is DSP Appreciation Month. A DSP Appreciation event was held at the Cleveland Zoo with approximately 270 people at the event. In collaboration with MCBDD staff and affiliates with Medina County Leadership, we are in the process of developing a three-year leadership training curriculum.
4. MCBDD, in partnership with Summit County DD and We Thrive Together, is holding an Interactive Tech Expo at Summit Mall on September 26. A Medina County individual has been selected to be a Tech Advocate for the state. She will bring her real- life experience to show others the opportunities that technology can provide.

Dear Stacey,

Thank you for the Community Experience Funding to support individuals in our HPC and Adult Day Programs in Medina County. We place a strong emphasis on community inclusion, and we appreciate the board designating funds to provide opportunities in our community. As we have expanded our community inclusion program, we have seen individuals discover new interests and grow in social skills and build friendships. Most importantly they are just enjoying life and that's our goal, for individuals to live their best lives!

Thank you for helping to make a difference!

Sincerely,

Melanie A. Kasten-Krause

Smart Home Technology Can Benefit All Ages and Abilities

From: The Medina County Board of Developmental Disabilities

Imagine this: You come home and your front door, sensing your presence, automatically unlocks for you. You walk in carrying bags of groceries and as you enter the kitchen the lights turn on. You put your groceries away and realize that you forgot an item, so you send a request to your grocery store for a delivery using a touchscreen built into your refrigerator. You sit down in your living room to watch television and the thermostat automatically senses a chill in the air and increases the temperature of your home to keep you comfortable. When you go to bed at 10:00 pm, you pull the covers up over your head and your bedroom lights automatically dim. As you listen carefully, you can hear the click of your doors automatically locking for the night.

Does this sound like a scene from a futuristic sci-fi movie? Believe it or not, this smart home technology already exists. Some of the greatest opportunities that smart home technology offers are for the elderly and people with disabilities, for whom living at home can pose daily struggles.

Smart home technology can allow seniors and other adults with disabilities live in their own homes with less fear or restriction, giving them a sense of freedom and confidence. The impact that such conveniences can have is maybe felt greatest for those that suffer from age-related or developmental disabilities. According to the Centers for Disease Control and Prevention (CDC), it's estimated that one out of every five adults in the United States is living with

a disability. The most common disabilities include: hearing and visual difficulty, speech or language difficulty, cognitive difficulty, walking difficulty, arthritis, and self-care difficulty like dressing or bathing. For each of these difficulties, life-simplifying smart-home technology advancements are allowing individuals to remain comfortably, and safely, in their own homes—where they most want to be.

Today budget-friendly technology that nearly anyone can afford is able to be retrofitted into almost any home with the expertise of the right contractor or solution provider. From a homeowner perspective, a smart home provides comfort, security, safety, accessibility, energy efficiency, and convenience through the use of appliances, lighting, electronic equipment, heating and cooling systems, entertainment systems, and home security solutions. In a smart home, all such devices can be controlled remotely by a computer

or mobile device with Internet access, or preset using a schedule. Many smart home solutions can also accept voice commands for the ultimate in-home convenience. They can even be customized on a room-by-room basis.

In Medina County, the Medina County Board of DD has a Smart Room that has a host of smart home technologies that people are able to try out to see if what works for an individual situation. The room is a mock “home” set up to demonstrate a wide variety of technologies available to help a person be more independent within their home. Some of the technologies include a remote monitoring system, smart kitchen devices, Alexa, remote-controlled doors, and much more. To schedule a visit or ask questions about the MCBDD Smart Home, please contact the MCBDD Assistive Technology Office at 330-725-7751 ext. 243.

“Come Sept. 1, people are going to turn to pumpkin spice everything,” Ziogas says.

Nibble also engages community members through events, such as Ladies Night Out meetups in Medina on select Thursday evenings — including Oct. 17. These lighthearted gatherings include appetizers and cocktail samples, drawing in women of all ages.

The store has ignited passion in aspiring home cooks. Amber Kosek, an employee who has worked for Ziogas for over 10 years, says she’s seen several customers excited to peruse Nibble’s eclectic inventory.

“Many people who have already been cooking or are chefs come in and go crazy over this store,” she says. **a**

MCBDD offers Toddler Playgroup event

The Medina County Board of Developmental Disabilities (MCBDD) is presenting a "Fall Toddler Playgroup", for families with children ages 0-3 on Monday, Sept. 23, at 10 a.m. at Carolyn Ludwig Mugrage Park, 4985 Windfall Rd., Medina.

All children, especially toddlers, learn by exploring the world around them and having time to grow through play.

That is why the MCBDD has created its "Play, Learn and Grow Playgroup"; a community playgroup for young children ages 0-3 and their parents/guardians.

The goal of the group is to provide fun and informal community gatherings, based on a specific theme, which gives young families a chance to meet, form connections and share experiences and challenges of raising toddlers.

This session will celebrate the winding down of summer and exploring all the fun the fall has to offer.

During the event, MCBDD's Early Intervention staff will be providing opportunities for sensory play, songs, toddler activities, early childhood development information and, of course, snacks.

"Activities like our Play, Learn and Grow Group are great opportunities for families of young children to gather, have some fun with their child and meet and learn from new toddler playmates," states Marcy Batke, MCBDD Early Intervention Coordinator.

The "Fall Toddler Playgroup" is free and open to any family with children ages 0-3 with or without disabilities, no registration is needed. In case of rain, event updates will be posted on the MCBDD website at www.mcbdd.org.

For more information or questions, contact the MCBDD Early Intervention staff at 330-725-7751, option 1 or visit www.mcbdd.org/event-calendar/.

DSP University celebrates program kick-off

Medina County Board of DD partners with Medina County Career Center to prepare students for meaningful jobs

Students, teachers and representatives from the organizations involved in the DSP-U program in Medina County gathered to celebrate the program kick-off for MCCC students.

MEDINA – The Medina County Board of Developmental Disabilities (MCBDD) in partnership with the Medina County Career Center (MCCC) and the Ohio Alliance of Direct Support Professionals (OADSP), was proud Sept. 5 to celebrate the kick-off of the second class of students to participate in the Direct Support Professional University program – also known as DSP-U – at the Career Center.

“Each of this year’s students shows such a personal desire to make a positive impact on the lives of people with developmental differences,” said MCBDD Superintendent Stacey Maleckar. “To see the next generation of professionals, embrace, grow and learn about our field is truly inspiring. I expect to see great things from these students in the future.”

The DSP-U program gives MCCC students who enroll an opportunity to learn about a career in a field that is in desperate need of quality professional workers. It helps students learn how to give daily support to help people with disabilities succeed in meeting their life goals and dreams. According to US Department of Labor statistics, direct service professionals are one of the most in-demand jobs in America and the need for qualified professionals to fill a large number of full-time jobs will only continue to increase over the next several years.

DSP-U is nationally recognized, and accredited in Ohio by the Department of Education, as a pathway to graduation. Students participating in the DSP-U program experience specialized training, on-site, hands-on internships, and the opportunity to earn their professional credentials while receiving credit toward high school graduation requirements. DSP-U offers those who complete the training a Certificate of Initial Proficiency (CIP) which requires the completion of 20 courses for a total of 60 classroom hours, in addition to a minimum of 100 internship hours. Upon completion of the program, the graduates already have the credentials they need to immediately apply for jobs as direct service professionals.

“DSP-U is such a great opportunity to ignite a passion for the rewards young adults can find in helping people with disabilities,” said Pam Wheeler, MCBDD Health Services Coordinator and the person responsible for bringing this program into Medina County. “With the help of the outstanding teachers at the Career Center, and the staff of OADSP, I am so excited that we are able to offer a second year of such a great learning experience

Tips to take care of your skin

Metro Creative

As the body's largest organ, skin is of the utmost importance to overall health. The skin protects against germs, regulates body temperature and enables tactile sensations, says the Cleveland Clinic. Despite those vital functions, skin is easily overlooked in health care regimens.

Even though the skin is susceptible to aging just like every other part of the body, there are steps everyone can take to maintain healthy skin throughout their lifetimes. Dermatologists, including those from the American Academy of Dermatology, share tips on how to care for and protect the skin

so it looks beautiful and functions properly.

- **Use sun protection.** One of the key ways to care for the skin is to protect it from the sun. Over time, sun exposure can cause age spots, wrinkles and elevate the risk for skin cancer. Always use a broad-spectrum sunscreen with an SPF of 15 or higher. Apply generously and be sure to reapply every two hours or more if you will be swimming or perspiring.

- **Stay away from tanning beds.** People mistakenly think that using tanning beds is safer than sitting out in the sun. However, tanning beds emit harmful UV radiation that can

cause skin cancer just like the sun. The AAD says one indoor tanning session can increase the risk of developing melanoma by 20 percent. Use self-tanning products instead for a golden glow.

- **Quit smoking or never begin.** Smoking makes the skin look older and contributes to wrinkles. Smoking narrows the tiny blood vessels in the outermost layers of the skin, decreasing blood flow to the skin and making the skin more pale, says the Mayo Clinic. Smoking also depletes oxygen in the skin and can damage collagen and elastin, the fibers that give skin its elasticity and strength.

- **Avoid an overload of products.** Many dermatologists suggest their patients stick to the basics daily, which includes a mild cleanser, moisturizer and sunscreen. Drinking plenty of water also helps the skin. Exfoliating the skin once a week can help remove dead skin cells, but don't overdo it, which can lead to excess oil production and breakouts.

- **Select the right products for your skin type.** Choose products that pertain to your skin type, which may be sensitive, normal, dry, oily, or a combination thereof.

- **Don't forget the lips.** Many people treat their entire faces but then do not address the skin on their lips. Skin cancer can form on the lips, so use a lip balm that has an SPF of 30 or higher. Petroleum jelly can add moisture to the lips if they feel dry.

- **Visit a dermatologist.** A dermatologist is an expert in many conditions of the skin, hair and nails. He or she can perform an annual examination to look at the entire body and determine the health of skin, and identify any moles or spots that may be of concern.

- **Check your own skin.** People are advised to pay attention to their skin and look regularly for new spots; spots that are different from other spots on the body; moles that itch, bleed or change color; and any other things that seem not quite right.

Taking care of the skin throughout the years can help a person look and feel his or her best.

Pregnancy and Alcohol Don't Mix Why Take the Risk?

For over two decades, the call has gone out every year on the ninth day of the ninth month warning women about the dangers of drinking while pregnant, yet Fetal Alcohol Syndrome (FAS) remains stubbornly below the national radar. In fact, an estimated 1% to 5% of U.S. first graders have FASD, according to a National Institute on Alcohol Abuse and Alcoholism (NIAAA)-supported study published in the Journal of the American Medical Association. Almost 35 years after the U.S. Surgeon General began warning women about alcohol-related brain damage in newborns, the disorder still is not as recognized as autism, epilepsy or other developmental disorders.

What are fetal alcohol spectrum disorders?

Fetal alcohol spectrum disorders (FASDs) is the name given to a group of conditions that a person can have if that person's mother drank alcohol while she was pregnant. Alcohol exposure during pregnancy can interfere with development of the baby's brain and other critical organs and physiological functions. This may cause conditions which include physical and intellectual disabilities, as well as problems with behavior and learning. Often, a person has a mix of these problems. FASDs are one of the leading known causes of developmental disability and birth defects.

What are some signs of FASDs?

Signs of FASDs can be physical or intellectual. That means they can affect the mind or the body or both. Because FASDs makes up a group of disorders, people with FASDs can show a wide range and mix of signs. Physical signs of FASDs can include abnormal facial features such as narrow eye openings and a smooth ridge between the upper lip and nose, small head size, short stature, and low body weight. Rarely, problems with the heart, kidneys, bones or hearing might be present. Intellectual and behavioral signs of FASDs might

include problems with memory, judgment or impulse control, motor skills, and academics (especially in math, paying attention and low IQ). Specific learning disabilities are also possible.

What can I do if I think my child has an FASD?

Talk to your child's doctor or nurse. If you or the doctor thinks there could be a problem, ask to see a specialist, someone who knows about FASDs such as a developmental pediatrician, child psychologist, or clinical geneticist. Although parents may have concerns about labeling a child, the earlier a FASD diagnosis is made, the better the chance for improving a child's future success. The good news is with early detection, the sooner professionals and parents can work together to equip kids to make sense of the world.

Have questions or need additional help or resources? The Medina County Board of Developmental Disabilities is the community resource responsible for connecting, coordinating, and funding services for individuals of all ages with intellectual and developmental disabilities. We help with everything from early intervention and education opportunities for children to employment and community inclusive living for adults. Call us 330-725-7751 or visit www.mcboard.org for more information.

Did you know?

Scars can develop if an injury is not treated properly or you didn't think a cut was deep enough to necessitate treatment. Scars also may develop after surgery or another medical procedure. Scars may be dark marks, which are pink, red or brown patches that result from post-inflammatory hyperpigmentation. Cuts, burns and other injuries to the skin, including acne, can contribute to hyperpigmentation. Certain scars may fade and become less noticeable on their own, but there are other ways to speed the process along. Dark scars can be made less visible after the application of topical treatments, such as those with salicylic acid or glycolic acid peels, which help promote cell turnover, advises the beauty experts at Good Housekeeping. At-home topical brightening ingredients are another option that can be discussed with a dermatologist. In terms of textured scars, which may be depressed or raised areas on the skin, microneedling or dermaroller treatments may help to diminish these scars at home. Individuals with deep, dark scars may need to seek the help of a dermatologist, who may recommend therapies that can use light, peels and fills to make scars less visible.

Expanded LCCC Film Series 'digging deeper'

John Benson
The Gazette

There's something different about the next fall and winter-spring season of the Lorain County Community College's Film Series.

"Instead of having just eight films, which I've had to do the past five or six years, we were able to jack that up to 10 films in our fall series and 10 films for the winter-spring series," retired professor and LCCC Film Society Director Robert Dudash said.

"That's exciting. I've been lobbying for that for a number of years and finally succeeded. I think my budget

increased around 15 percent."

The schedule began Friday with "The Taste of Things," starring Juliette Binoche, and includes:

- "Babel" (Sept. 13)
- "Anatomy of a Fall" (Sept. 20)
- "Nowhere Special" (Sept. 27)
- "The Divine Order" (Oct. 4)
- "Wadjda" (Oct. 18)
- "Shayda" (Nov. 8)
- "Atonement" (Nov. 15)
- "The Old Oak" (Nov. 22)
- "The Well-Digger's Daughter" (Dec. 13)

"In the past with only eight, I've had to do a little bit of more mainstream,"

he said.

"But now by digging deeper and having more flexibility, I'm looking even more at lesser-known foreign films."

A flick of note is "Wadjda," which Dudash said was definitely selected thanks to the expanded programming.

"First of all, it's very unusual to have a film from Saudi Arabia, let alone the director being a woman," he said.

"The content of the film is a little bit controversial within Saudi Arabia because it deals with a young girl who begins to assert herself and her independence — vis-à-vis some of the things she would like to do and actu-

ally proceeds to do. It's really a lovely little film."

With attendance ranging from 110 to 150 moviegoers, would Dudash consider increasing the schedule even more in the future?

"I'll have to stay here for a while," he said.

"Then we'll see how it goes with the attendance, the budget and funding, but I'm really excited about the fact we were able to do two more films in the fall and two more films in the winter/spring."

THROUGH SEPT. 29 AT ALLEN THEATRE

'Queen of the bourgeois rom-com' Cleveland Play House present's Jane Austen's 'Pride and Prejudice'

John Benson
The Gazette

On the surface, Mary Shelley's "Frankenstein" and Jane Austen's "Pride and Prejudice" couldn't be more different.

Someone who can offer a keen perspective on the connective tissue between the two 19th-century books is Michael Barakiva, who was recently named Cleveland Play House artistic director.

Not only did he direct the Cleveland Play House's former 2023 production but after taking over the Tony Award-winning company this year he'll be helming the latter, which appears through Sept. 29 in the Allen Theatre.

"On the first day of rehearsal for 'Pride and Prejudice,' I talked about 'Frankenstein' a bunch," he said.

"Jane Austen died in 1817 and 'Frankenstein' was published 1818. It's amazing to think about a society that was capable of producing two such brilliant women whose aesthetic tastes were more different.

"Jane Austen, sort of for being the queen of the bourgeois rom-com,

and Shelley inventing the genre of science fiction.

"I just like the idea that one world could produce two such radically different artists. Wouldn't it be great to imagine what 17-year-old Mary Shelley would say to 41-year-old Jane Austen? Like, who's going to write me that play?"

Aside from the fact as the new Cleveland Play House artistic director he could literally make that happen (consider the gauntlet thrown), Barakiva it turns out is quite the Austen fan to the point where he considers himself a stalker of the influential author.

Unprompted, the veteran director and writer — who for decades staged new plays, revivals and classics in New York City and around the country — delivered a beloved "Pride and Prejudice" line: "It is a truth univer-

sally acknowledged that a single man in possession of a good fortune must be in want of a wife." "After reading the book for the first time when I was a sophomore in high school, I became obsessed with Jane Austen," he said.

"Then my sophomore year of college, I took a seminar and we read everything that Jane Austen wrote — the six novels and unfinished novels and most amazingly the letters where you get to see really inside of her soul and how hilarious and wicked she really was."

Despite his love affair with "Pride and Prejudice," Barakiva never directed the familiar tale detailing the love affair between Elizabeth Bennet and Fitzwilliam Darcy.

However, he did previously at another theater produce Kate Hamill's adaptation, which is what

the Cleveland Play House will be presenting.

"Kate is one of the 10 most produced playwrights of this country for the last 10 years," he said.

"She's also a brilliant, hilarious feminist mind. And she does this great thing where she keeps totally true to the source material while elevating it with a level of modernity and hilarity.

"It touches every single sweet spot I have, which is why I chose to have it be the first piece that I like directed here as artistic director."

As far as his artistic vision for the iconic company, Barakiva said it's going to be a process of discovery.

"We're really starting to figure things out, aesthetically," he said. "That's something that's going to take more time as we balance new work with classical work with musicals

"(Kate Hamill) is one of the 10 most produced playwrights of this country for the last 10 years. ... (Her adaptation of 'Pride and Prejudice') touches every single sweet spot I have, which is why I chose to have it be the first piece that I like directed here as artistic director."

with straight plays."

However, something he's deeply committed to is investing in Northeast Ohio talent, beginning with "Pride and Prejudice."

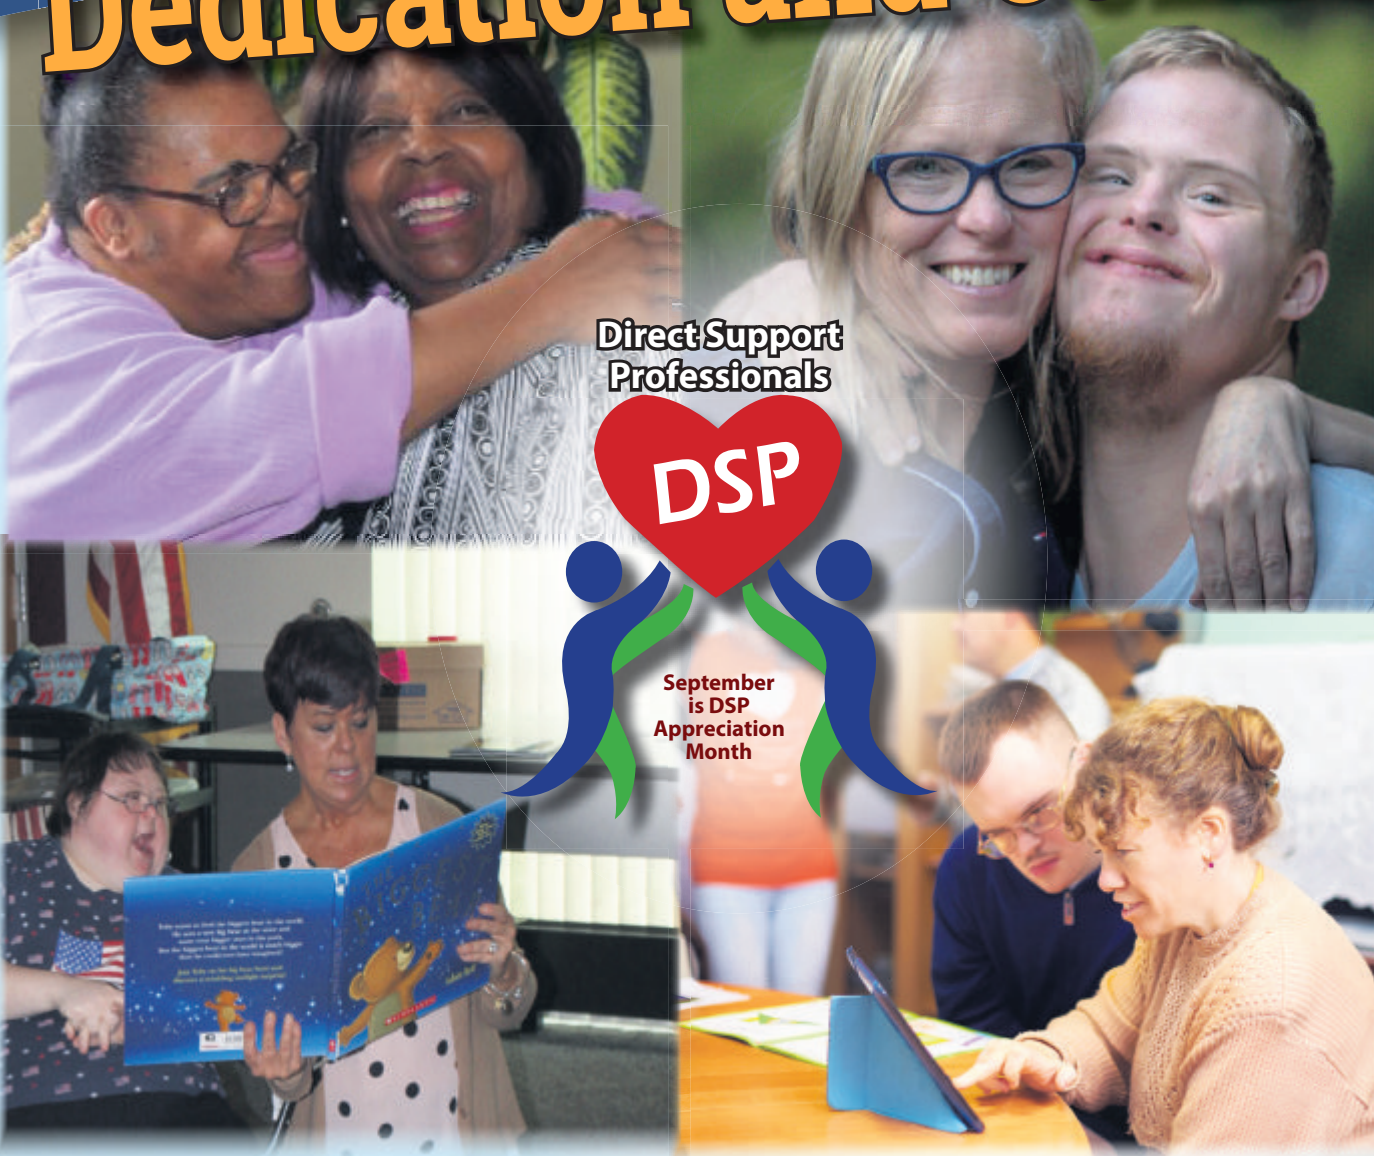

"We have two actors who live in Cleveland — Colleen Jackson, and Christopher Bohan," he said.

"Both extraordinary actors are making their CPH debuts. So that's a huge part of what I'm excited about — embracing the extraordinary diversity of the city in our programming, staffing and casting."

charged with two counts of death by auto, along with reckless driving, possession of an open container and consuming alcohol in a motor vehicle. On Thursday, the judge postponed a hearing in the case until Sept. 13 to give both sides more time to prepare. The suspect is being held until then.

Gudbranson ended his statement with a message to people considering driving while under the influence of alcohol.

"If you think about driving after a few beers or a fun night, please, please, please do not," Gudbranson said. "Find a way home."

At the annual NHLPA rookie showcase outside Washington, union executive director Marty Walsh said the tragedy was having wide-ranging effects around hockey.

"The deaths of Johnny and his brother are impacting a lot of players in the league as a whole and obviously is impacting their alma mater, Boston College, and the people in Boston," Walsh said. "The tributes are beautiful to see. We've just got to continue to support the family the best we can."

Interactive Expo to bring awareness to technology

MEDINA – The Medina County Board of Developmental Disabilities, in partnership with the Summit County DD Board and We Thrive Together, are thrilled to announce an upcoming Interactive Tech Expo on Thursday, Sept. 26 from 10 a.m. to 3 p.m. at Summit Mall, 3265 Market Street, Akron. This free event is designed to showcase to the public the newest technologies available to empower, inspire and support inclusion and independence for people with disabilities.

"The Tech Expo is not just about showcasing technology; it's also about giving people a chance to see and learn how to create more supportive environments where people can thrive," says Stacey Maleckar, Medina County Board of DD Superintendent. "We are excited to work with both the Summit County DD Board and We Thrive Together to bring together a vibrant community of tech innovators and enthusiasts to explore new possibilities and drive positive change in our communities."

The Tech Expo promises a dynamic and engaging experience for people of all abilities to see, touch and experience technologies that can help in all aspects of life. Fifty industry expert vendors will be in attendance with examples of new technologies and hands-on interactive displays which address many areas of daily life; including technologies for vision, hearing, home adaptations, health, safety, mobility and much more. The event will also feature speakers and presentations to share insights into the importance of using supportive technology to the improve quality of life.

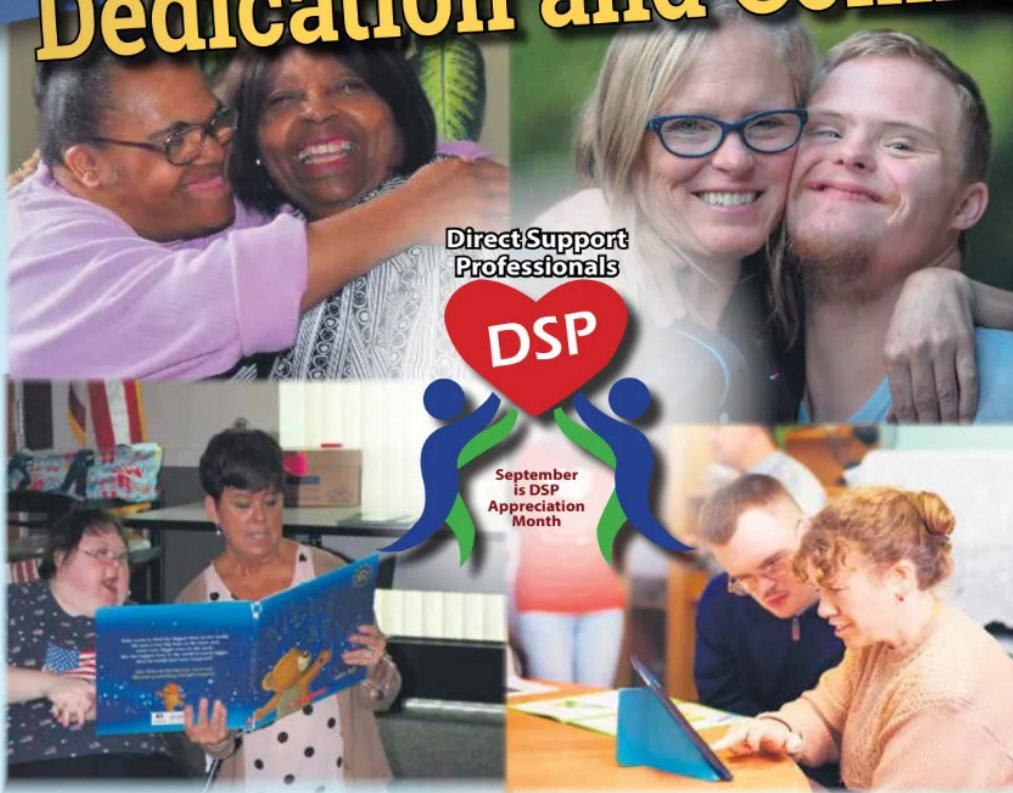

"The Tech Expo is meant to be a transformative event, and aims to foster collaboration, showcase cutting-edge technology, and provide invaluable resources for those who want to be more independent and more included in all their community has to offer," said Maleckar.

The Interactive Tech Expo is free and open to the public, and people of all abilities are encouraged and invited to attend. For more information visit www.mcbdd.org/event-calendar.

thermal imaging camera. Thanks to private donations, he said the department was able to purchase a medical utility task vehicle (UTV) and a rescue bed insert that equip the department to handle rescues in rugged terrain, including Whipps Ledges, the park system and local farmlands.

"This [helps] us get injured people to the hospital safely and much faster," he said. "It also reduced the labor-intensive removal out of those areas. The very first week the UTV was placed in service, it was used twice, including 24 hours after the board of trustees accepted the donation from the Hinckley Fireman's Association."

During Grossenbaugh's tenure, the department was also able to lower the township's ISO insurance rating.

"All of the hard work and dedication of hours of training, maintenance of equipment and much more helped us secure this improved rating," he said. A lower rating suggests to insurance providers that an insure home is at a lower risk of fire damage and that the area where the home is located in well-equipped to prevent, mitigate and extinguish fires, according to the outgoing chief. ☺

“We all have different questions to ask,” she said.

Trustee Cynthia Engleman welcomed the idea, noting that she believes having the input of all three trustees would be beneficial.

“When it comes to full-time positions, we don’t have too many of them in the township,” she said, noting that having all three trustees participate in the hiring of the township’s full-time zoning inspector turned out to be fruitful.

Grossenbaugh said the department received 12 applications. That number was whittled down to seven candidates, then to the final five, whom the department and trustees planned to interview July 26. He said along with himself, the township’s assistant fire chief and lieutenant, three other fire chiefs from Brunswick, Seville and Lafayette took part in the preliminary interviews.

“We had a lot of experience [on the panel] and an actual stakeholder [as one of the chiefs is a Hinckley resident],” he said.

Fireworks

Grossenbaugh also reported that this was the second year fireworks were legally permitted in the township on the Fourth of July holiday and said there were no incidents or injuries reported.

“We had more responses, I thought, when [setting off fireworks] was illegal because of people complaining,” he said. “[In one previous year, for example] we had one [resident] who set up a large display with consumer-grade fireworks on Ridge Road and somebody called that in. We had to call in the fire marshal in and dispose of all of it on July 5 on a hot summer day. But since it’s been legal, we’ve been very, very lucky.”

Facebook policy

In other news, trustees approved a resolution adopting an official social media policy for the township, effective July 16. Not only does the resolution stipulate that all posts on the township’s Facebook page be maintained in accordance with the township record retention schedule, but it also requires that all topics to be posted on the site receive prior trustee approval.

Additionally, the resolution requires all events be marked as events; commenting and messaging functions be turned off; and ensures all posts are sharable to allow for maximum circulation. ∞

“acute” was how we all giggled when the teacher even uttered the word. “Acute” to us meant the new girl in class or the boy who sat in the back row.

I’d have to google “hypotenuse,” a word I have never had to use in all my adventures, or even day-to-day living; and “isosceles,” another word we don’t use much around my house. Or at all, truth be known. And Pythagoras. What – or who – is that?

Some words, like pyramid, circle and square come easily, but I’m not real sure what a trapezoid looks like. Still not looking it up, I visualize a four-sided oddball-shaped figure, like a square having a bad day. It’s no wonder my math teacher was last seen running from the building muttering to herself.

Turning the page, the

topic is another of my favorites, “Hamlet.” Isn’t that a smallish piece of pork? Poor Mrs. Baird. She tried, she really did, and little bits and pieces of Shakespeare come to the surface when we watch Jeopardy! And I surprise myself with a correct answer. Ol’ Bill looks amazed and says “How’d you know that?” I didn’t even know I knew that. It must have been buried somewhere in this old brain, just waiting for the right moment. I really have no other need for The Bard but to stun and flabbergast the two of us when I come up with something like Ophelia or Yorick.

I am not about to make an appearance on any sort of “Academic Challenge.” If asked any questions in public, geometry or Shakespeare or any number of other brain teasers, my brain seizes up. I have enough trouble remembering what we had for dinner last night.

at the youth level,” he said. “And we’ll respond accordingly to that groundswell. Our youth program under Jared Villers and Andy Belavia, I’ve been talking with them, and they’ve been seeing it too. Their numbers are going to grow.”

Highland athletic director Jon Bailey said Boucher will be working on the Hornet’s competition schedule. There are some girls programs in the Suburban League but not enough to form a full dual meet schedule.

Recognizing vision problems in kids

Metro Creative

Although vision loss is typically associated with aging, people of all ages can experience issues that contribute to diminished vision. Sometimes parents may be unaware that their children have low vision or other issues compromising their sight, particularly when children are too young to verbalize their impairments. The Mayo Clinic notes additional symptoms, such as squinting while reading or holding reading material closely may be more apparent.

Parents, caregivers and even teachers can keep an eye out for these symptoms to determine if kids are having vision problems.

- **Blurriness:** A child may complain of things being blurry, whether that means words in a book or on a smart screen in the classroom.

- **Headaches:** Straining to see better can cause headaches. If a child starts complaining of frequent headaches, an eye exam may be in order.

- **Attention span:** If your child quickly loses interest in games or other lengthy activities, it may be that poor vision is making it more difficult to fully participate.

- **Losing place:** Someone with vision issues may experience difficulty keeping track of words while reading.

- **Eye rubbing:** Prevent Blindness says rubbing tired eyes can be an indicator of a vision problem, as can tilting one's head or thrusting the head forward.

- **Feeling dizzy:** Some people with vision problems feel dizzy or out of sorts at times.

- **Physical symptoms:** Sometimes vision problems may be apparent because you can see there is something amiss. Eyes that don't line up, eyes that appear crossed, redness in the eyes or rims, or red, inflamed eyes can be symptomatic of a vision problem.

- **Eye exam results:** Eye doctors conduct a series of tests during an eye exam. During an automatic refraction test, visual acuity can be measured when an autorefractor shines light into the eye and measures the eye's response. It's commonly used with children who cannot communicate what they're seeing and can help diagnose vision trouble.

Vision issues can present themselves in children and not be as readily apparent to the adults in their lives. Familiarizing oneself with certain symptoms is a way to diagnose vision trouble earlier.

We Remember. We Honor. We Hope.

August is Overdose Awareness Month. This global initiative aims to end overdose, reduce stigma, and honor those who have lost their lives to overdose. It is also a time to recognize the impact of prevention and recovery work in the county.

The Medina County Health Department is constantly working with the community to raise awareness and provide overdose education. Through Project DAWN (Deaths Avoided with Naloxone), trainings are provided to recognize signs and symptoms of an opioid overdose, perform rescue breathing, and learn how to administer naloxone to someone experiencing an opioid overdose.

Naloxone is an antidote administered to reverse an overdose caused by an opioid drug. Naloxone can restore breathing, reverse effects of opioids, and prevent overdose death.

If you are interested in

having your own naloxone on hand in times of emergency, you can get a kit by mail order or in-person pick-up here at the Medina County Health Department. Call 330-723-9688, option 2 for more details.

We also have several naloxone dispensing sites around the county. "NaloxBoxes" are publically accessible distribution boxes that contain a supply of free naloxone kits. They are unlocked and regularly stocked to maintain an available supply. Visit medinahealth.org/naloxone for NaloxBox locations and to order your kit.

You don't need to be a first responder to save a life. Always be prepared.

The Medina County Health Department has protected your health since 1918. Services are partially supported by your property tax levy. This institution is an equal opportunity provider.

3 Back-To-School Tips for Students with Disabilities

It takes work for any parent to successfully get their kids ready to head back to school and start a new year. But for parents who have children with disabilities, the process of moving from summer to school can be a little more complex. Here are some tips to try to help make it a little easier.

1. Introduce them to the classroom early, meet the teacher and get involved.

If your school has a back-to-school night before classes begin, be sure to attend. If your child needs a more sensory-friendly environment, ask the school if your family can visit the classroom and meet the teacher ahead of time. During this meeting, discuss any goals and concerns you have so that everyone is on the same page if additional situations arise during the year. Keep communication open with everyone involved in your child's education, and it always helps to volunteer for special events and extracurricular activities. If your child is unable to visit the classroom beforehand, ask the teacher to send photos of the classroom, including the cubby or locker with their name on it, their desk, and other relevant areas like the lunchroom. This helps your child become familiar with the space they will be in every day.

2. Practice daily routines before school starts

All children benefit from getting into a routine as the school year approaches, but children with disabilities may need to start this process two or three weeks in advance. Try doing practice runs where your child gets ready, eats breakfast, and leaves the house as if it were a school day. This can be especially helpful for children with autism or those who experience anxiety about starting school. In addition to waking up and going to bed at a set time, practice sitting down to work on an activity for a set period, such as 15 minutes, and gradually increasing the time. Work on skills such as asking for permission to get up or use the bathroom, washing hands after using the bathroom, and asking an adult for help when needed.

3. Establish social support and stay positive

If you're worried about your child navigating school, consider reaching out to other families with students at the same school, whether or not they have disabilities. They may be willing to help your child at school. Also, check if there is a buddy program available. Encourage your child to create connections with classmates on the first day, try making goodie bags for the class. This not only fosters kindness but also helps reduce fear among peers and some stress for your child. This may also help quickly establish a social support system for your child. Remember to discuss your child's feelings about school with them and aim to maintain a positive attitude. School can be overwhelming for both parents and children, so open communication is key.

While starting a new school year with a child with disabilities may seem daunting, taking these steps before the school year begins can help everyone feel more prepared, comfortable, and ready for

success in the classroom.

Derek Hough, Nick Carter, Skillet-Seether to perform

■ Celebrating the holidays early this year is four-time Emmy Award-winner **Derek Hough**, who brings his "Dance for The Holidays Tour" through Northeast Ohio for a Nov. 8 show at the Akron Civic Theatre. Tickets to the new joyous celebration of the most festive time of the year — albeit several weeks early — are now on sale at Ticketmaster.com.

■ Not to be outdone by "NSYNC's Joey Fatone and Backstreet Boys' AJ McLean, whose "A Legendary Night Tour" is coming to the area for an Aug. 22 show at MGM Northfield Park Center Stage, Backstreet Boy member **Nick Carter** announced his "Who I Am Tour" will be visiting the same venue on Sept. 24. Boy-band fans can expect the singer-songwriter to perform tracks from his solo catalog — including his latest single releases "Never Break My Heart (Not Again)," "Made for Us," and "Superman" — as well as Backstreet Boys favorites and other hits. Tickets to this MGM Northfield Park Center Stage show are now on sale at Livenation.com.

■ Veteran Christian rock band **Skillet** and rock radio favorite **Seether** are teaming up for a co-headlining fall tour that includes a Sept. 26 date at the Agora Theatre.

■ Bass scene artist (yeah, it's a thing) **TVBOO** brings his unique stage show — think high energy as he weaves distorted sounds through incredibly unique basslines, accompanied by infamous vocal samples — to the Rock Hall City for a special Halloween show Oct. 31 at the Agora Theatre.

■ **King Diamond** may be 68, but the Danish goth metal legend shows no signs of slowing down. The shock rock veteran has announced a new stateside tour including a Nov. 6 show booked at the Agora Theatre.

Tickets to these Agora Theatre shows are now on sale at Agoracleveland.com.

Another focus on the upcoming season is appealing to younger audiences with Miller pointing to "Gangstagrass" (Feb. 21).

"I'm taking a risk on some new things, specifically a group called 'GangstaGrass,' which is a fusion of bluegrass and traditional rap," she said "It seems like a strange combination until you look at the roots of rap that come from bluegrass in the African diaspora.

"So it's a natural pairing that going to hopefully appeal to all ages but may be intriguing for some of our younger crowd as well."

THIS WEEKEND'S LORAIN COUNTY MUSIC FESTIVAL Rose Cora Perry talks crowd sizes, 'Free Bird'

IF YOU GO

Living a "Free Bird" moment she'll never forget last year at the Lorain County Music Festival was Rose Cora Perry.

The Canadian singer-songwriter-guitarist — who returns with her band The Truth Untold performing during the festival taking place through Sunday at the Elyria AMVETS Post 32 — learned about the power and magnetism of the "If I leave here tomorrow/Would you still remember me?" song.

"True story, we were playing with some really talented original and tribute bands last year," said Perry, calling from London, Ontario.

"You're going to make fun of me for my musicality, but there's this longstanding joke in the music community of people always yelling out 'Free Bird.' So, legitimately, I never actually heard that song because that's really not my genre."

As surprising as Perry's admission may be, we all have blind spots, whether it's in music, film or TV shows. With that in mind, it often takes an unsuspecting moment or recommendation to expand one's horizons.

That's exactly what happened to Perry last summer.

"This cover band goes up and they're wailing on a song," she said. "I remember turning to my bassist and saying, 'My God, this is unbelievable. What song is this?' She's like, 'It's 'Free Bird.'"

"Then on our way home, we listened to the recording. I felt so ignorant for not knowing that was legitimately the song that everybody always references but, my God, let me tell you, they just blew my socks off. It was incredible."

Rose Cora Perry & The Truth Untold will be rocking the Lorain County Music Festival with an appearance tonight at AMVETS.

The '90s-inspired outfit — whose 2023 single "Not My Time" garners radio airplay on 50 North America stations and has a new EP planned including recent single "The Cure" — has appeared on stages big and small.

Recent tour highlights have included supporting Josey Scott's Saliva at Summer Bash Indiana

Perry

and an appearance at Metro Jam Wisconsin. "It goes without saying, when a musician wants to play, we're really just looking for a respective audience," she said. "So while being on ginormous stages playing to massive crowds is kind of an amazing experience, nothing can be taken away also from playing for smaller, more intimate crowds.

"Ultimately, if the audience is respectful and responsive, you're all having that wonderful energy together."

Other acts scheduled to appear over the weekend at the Lorain County Music Festival include: Panamera, Ball and Chain, Kooks and Took, Roots Radicals, Semantic Noise, Evan Standen, Ebenezer the Crow, Grateful J and Friends, Grenfal, The Know it Als, Pink Maskerade, Let It Burn Band, Ruby Rose Weston and the Cowboy Princess Brigade.

The Elyria affair serves as a Lorain County Music Foundation fundraiser supporting local music, as well as inspiring the next generation of musicians to pursue their craft.

"It's a really cool event because it's also a fundraiser to help encourage younger kids and the younger generation to get out there and pick up an instrument," she said. "Absolutely, we want to very much be able to support the up-and-coming aspiring talent, too."

So considering last year's eye- and ear-opening experience for Perry, does this mean she plans on returning the favor and performing "Free Bird?"

"No, that is definitely not going to happen," she said, laughing.

Focusing on Disability Inclusive Resources

Mobile Changing Unit Available for Medina County Community Events

The Medina County Board of DD knows people with mobility issues – senior citizens, veterans, people with disabilities – want to enjoy all their community has to offer, but most often encounter barriers such as restroom access which stops them from attending and enjoying these opportunities.

The Mobile Changing Unit is provided – free of charge – by the MCBDD to local community events to provide dignity, full inclusion, and accessibility to quality restrooms in the community. This gives people who have mobility limitations a safe and dignified place for personal care. It ultimately allows them to enjoy participating in events without having to be concerned about a normal, daily activity others take for granted – restroom accessibility.

5 Ways to Create Celebrations for All!

Birthdays, graduations, holidays and other special occasions are celebrations people look forward to attending. As you plan your next big celebration, don't forget to think about making it accessible for people with disabilities so they also feel welcome and included.

1. Ask Questions

With your invitation, ask guests if there are any things you can do that will improve their visit, including dietary restrictions. This communication beforehand, gives people the chance to speak up about what they need to feel welcome.

2. Adjust Your Space

Make sure your party place is as physically accessible as possible. This could mean renting a ramp for front door steps, or rearranging furniture so people can navigate your space safely. Make sure that everyone is able to reach table tops that hold food, activities, or gifts.

3. Be Mindful of Sensory Input

Celebrations often come with decorations, music, foods, and scents. Experiencing too much of these can be overwhelming for some people with sensory concerns. Flashing lights can cause visual overload, distraction, headaches, and even trigger seizures.

4. Create a Sensory Space

Consider creating a sensory space in a room that is not being used for the celebration. Sensory spaces are where guests can go to take a break from the typical hustle and bustle of a gathering. A child that needs a nap, a person with sensory

concerns, or a new parent with their baby can all benefit from this quiet and relaxing space. Make the space comfortable by using low lighting and provide items like pillows, blankets, fidget toys, or books and magazines.

5. Provide a Remote Option

Whether it is due to a disability, sickness, or not being able to travel, it's

common for people to feel left out if they cannot attend a celebration in person. Having a remote video option gives guests the chance to connect with those at the gathering. You can even mail or drop off a package which includes food, decorations, or supplies for activities beforehand so they can participate virtually in the festivities.

This Month's Highlights...

- 2024 MCBDD Donor Scholarship Awarded

The Medina County Board of DD is pleased to announce the name of this year's recipient of the MCBDD Donor Scholarship.

The scholarship was founded to support young persons who are pursuing a career which serves people with developmental differences. The 2024 MCBDD Donor Scholarship recipient is Connor Pugh. Connor graduated from Brunswick High School and the Medina County Career Center this spring. In the fall, Connor will be attending Baldwin Wallace University, where he plans to major in Special Education and hopes to become an Intervention Specialist for grades K-5 and to work with students with mild to moderate needs. While attending college, Connor also hopes to be able to continue working as a Direct Support Professional.

- Safety Town PLUS+

The Medina County Board of DD was excited to host its Safety Town Plus program from June 17-21. The program offered all the regular Safety Town fun "PLUS" the extra help some children with developmental disabilities may need.

The MCBDD worked with Sgt. Beverly Fraser of the Medina County Sheriff's Department, volunteers from the Granger Fire Department, and the Medina City Schools Transportation Department, along with many other volunteers, to present this unique program.

This year marked the eleventh year the MCBDD has offered this program which has been provided to about 250 students with disabilities in Medina County. The specially designed program is one of only a handful of Safety Towns offered across the nation which cater to children with disabilities.

Hubbard show marks return of grandstand concerts

Patrick Rhonemus
The Gazette

MEDINA — The Medina County Fair’s grandstand concert returns with a performance by Tyler Hubbard.

The concert will take place Wednesday at the Medina County Fair’s grandstand. The concert features Karissa Ella as the opener for Hubbard’s grandstand performance.

Hubbard, known for being part of the American country music duo Florida Georgia Line, has been a part of 22 No. 1 singles on country radio, has received several awards and has sold-out tours. He released his first solo album in January 2023, titled “Tyler Hubbard,” which has more than 1.3 billion streams. Hubbard released his most recent album titled “Strong” in April.

Medina County Board of Directors Vice President Lori Berger said the fair is excited to have Hubbard perform this year. She said country artists do well at the fair, and

she expects Hubbard to be a hit.

Berger said Ella has performed in the Pavilion the last two years.

Ella, an Ohio native, is inspired by artists such as Shania Twain and Carrie Underwood. She has

released several singles and EPs since 2018.

Berger said she is excited to

bring main entertainment back to the grandstand.

“We have not had a concert since before COVID,” she said. “That’s just an exciting thing to finally bring that main entertainment piece back. The other nights we have motorsports and the Bucking Ohio bull riding. Now adding the concert back in is a nice change than what we’ve had the last couple of years.”

The concert will have grandstand seating available, as well as standing room on the track. Berger said the track and grandstand can seat 8,800 people. Tickets for the grandstand cost \$35, and track tickets are \$45. Doors open at 6:30 p.m.

SANITARY ENGINEERING

Water meter reading system to be upgraded

The Medina County Sanitary Engineer's has contracted with Core and Main and VEPO Metering to perform an upgrade of the water meter reading system.

This upgrade will begin County-wide on Tuesday, September 3 and is expected to be completed in February 2025.

Technicians from VEPO Metering will be replacing the water meter remote reader, which is likely located on the outside of your home.

You do not need to be home to receive this upgrade and access to

the inside of your home should not be necessary; however, if there are any issues, you will be contacted to schedule an appointment.

There are several ways to identify a technician:

- VEPO Metering – photo identification
- Grey uniform from top to bottom, with VEPO Metering prominently displayed.
- Their vehicle will have a clearly marked car magnet, identifying them to VEPO Metering and to the Medina County Sanitary Engineers.

This is a mandatory upgrade program being performed at no cost to our customers. However, residents who deny the upgrade will be referred back to the Medina County Sanitary Engineers for non-compliance.

If you have any questions about this program, please don't hesitate to contact the Medina County Sanitary Engineer's office at 330-723-9591 or by email at cburgess@ohmedinaco.org.

We thank you and appreciate your understanding.

Junior Fair board building excitement for week ahead

By Lorraine Sipos

In the weeks leading up to the 179th Medina County Fair, two events were held to give children a preview of what is to come.

The first event was the fifth Fair Friends event on July 13 at the fairgrounds. It was a one-day community event designed to provide a unique Fair experience for children ages 4-18 who have intellectual or developmental disabilities and their families. Close to 40 families participated, with their children getting the chance to touch, walk, and learn about several livestock projects involving goats, sheep horses, poultry and rabbits.

The event was a Junior Fair Board community service project and 40 members participated. They were assisted by volunteers from Master Gardeners, 4-H, **Medina County Board of Developmental Disabilities** and the Medina County Senior Fair Board.

In addition to the livestock projects, the children had the opportunity to learn about other fair projects such as gardening, crafts. There were also activities designed to promote

fine motor skills and fun sensory activities. Each child was given a bag containing a shirt, a ticket to the Fair, and a coupon for a concession item.

An outcome of participating in the Fair Friends event is the chance to take part in the Fair Friends Livestock Show. For the second year, Fair Friends participants will have the opportunity to pair up with a Junior Fair member to experience showing a livestock animal in the show ring. This event will be held at the fairgrounds in the Open Sheep Arena on Sunday, Aug. 4 from 10-11:30 a.m.

The second preview event was a Mini-Fair which took place at the Medina Farmer's Market on Saturday, July 20. Members of the Medina County Fair Board and 4-H Club members brought farm animals, agricultural projects and large farm equipment to share with Market attendees. Children delighted in petting goats, fancy chickens, ducks, geese, and a turkey. Exhibits included silkworms munching on leaves. Farm themed corn hole and ring toss games added to the pre-Fair fun.

MEDINA, Ohio -- Thanks to a new initiative by the Medina County Board of Developmental Disabilities (MCBDD), access to restroom facilities at county events will be more feasible for individuals with disabilities and mobility issues.

That includes the upcoming Medina County Fair, which runs July 29 through Aug. 4.

MCBDD has partnered with the fair to provide and fully fund the services of a mobile changing unit, which will be located behind the community center building throughout the fair.

"This is actually the second time we have used it," said Patti Hetkey, MCBDD's community relations manager.

"We had it at the Taste of Wadsworth, and we are committed to getting it out as much as possible at Medina County events free of charge."

Stacey Malekar, MCBDD superintendent said, "We understand that access to restroom facilities can be a challenge for some individuals and families, including senior citizens, veterans and those with disabilities.

"This resource gives opportunities to not only people with developmental differences, but anyone with mobility issues the chance to fully participate in their community and to enjoy recreation and social activities -- like the fair -- with everybody else.

"The mobile changing unit is a great resource to bridge a gap and provide a solution that is both convenient and inclusive, and we are proud to partner with the Medina County Fair Board to provide this important service at their event."

The ADA-compliant Momentum Refresh Mobile Changing Unit offers a platform chair lift to enter the vehicle, a height adjustable adult-sized changing table with shower capability, a toilet and bidet with adjustable grab bars, an adjustable ceiling hoist for transfer assistance, a height-adjustable sink, privacy curtains and hygiene supplies, including gloves, changing pads and sanitizer.

A team of trained professionals will be on hand to clean the space between uses and answer questions.

The unit is also climate controlled.

Hetkey said the MCBDD purchased the unit with the help of a grant from American Rescue Plan Act (ARPA) funds from the Ohio Department of Developmental Disabilities.

"We know there are families who want to come out and enjoy public events, but this can be a big barrier for certain individuals and their caregivers," Hetkey said.

"We are so happy to have this unit. I think it will be a game changer for a lot of people."

TRUMP ASSASSINATION ATTEMPT AFTERMATH

Secret Service leader quits

Colleen Long
The Associated Press
WASHINGTON — The director of the Secret Service resigned Tuesday in the aftermath of the assassination attempt on former President Donald Trump that unleashed an outcry about how the agency failed in its core mission to protect current and former presidents.
Kimberly Cheatle, who had served as Secret Service director since August

Cheatle

2022, faced growing calls to resign and several investigations into how a gunman was able to get so close to the Republican presidential nominee at an outdoor campaign rally in Pennsylvania.

"I take full responsibility for the security lapse," she said in an email to

INSIDE, A6

■ Officers left post to search for the gunman

staff obtained by The Associated Press. "In light of recent events, it is with a heavy heart that I have made the difficult decision to step down as your director."

Cheatle's departure was unlikely to end the scrutiny of the long-troubled agency after the failures of July 13, and it comes at a critical juncture ahead of the Democratic National Convention and a busy presidential campaign season. Lawmakers on both sides of the aisle have promised more investigations. An inspector general probe and an independent, bipartisan effort launched at President Joe Biden's behest will keep the agency in the

spotlight. Cheatle's resignation came a day after she appeared before a congressional committee and was berated for hours by both Democrats and Republicans for the security failures. She called the attempt on Trump's life the Secret Service's "most significant operational failure" in decades, but she angered lawmakers by failing to answer specific questions about the investigation.

MEDINA — Clouds of foam floated through the air as kids jumped up, trying to catch a cloud before it landed on the grass, during the weekly Party in the Parks event on Tuesday.
As part of the Medina Community Recreation Center's final Party of the

Parks event at Fred Greenwood Park, 350 W. Sturbridge Drive, staff members set up a large rain barrel with a tube going to the top of a metal structure with a screen, creating the foam.
Besides the foam party, kids were playing on Fred Greenwood Park's splash pads and playground equipment. Medina Rec also had yard games

set up throughout the grass. Sponsored by Cleveland Clinic Medina Hospital and Medina Recreation Center, the Party in the Parks started in 2021 to bring a free activity to a different city park for residents to enjoy.
Throughout the summer, the Medina Recreation Center held a themed event once a week for kids.

K-9 program receives big donation

The Gazette

WADSWORTH — The Wadsworth Police Department received a \$27,000 donation from the Wadsworth Eagles for the department's K-9 program.
Wadsworth Police Chief Dan Chafin said the department and Wadsworth Eagles Aerie 2117 have worked together on several projects.
"They, a few years back, started including us in a really great event called People Helping People," he said. "The Wadsworth Area Eagles have been providing to all types of organizations and groups, things like Feeding Medina County and Habitat for Humanity."
The organization has helped

with the yearly Cops and Kids program, as well as providing donations to the Wadsworth Fire Department. Chafin said the Eagles approached the department wanting to make a sizable donation to the department's K-9 program for either the purchase of a new dog or equipment. Chafin provided the organization with estimates of what it would cost for specific things. The organization then donated \$27,000 to help cover costs.
"I was blown away at their generosity," Chafin said. "That was a substantial contribution. Not only will that help take care of the K-9 and the training, but that helps get several pieces of equipment."

BRUNSWICK WATER BREAKS Cleveland Water talks path forward

Madisyn Woodring
The Gazette

BRUNSWICK — The city is looking for long-term solutions regarding its water mains.
Cleveland Water Director of Public Utilities Martin Keane spoke to city officials about the recent water main breaks on state Route 303 and the potential solutions during the Brunswick Committee-of-the-Whole meeting Monday. Cleveland Water owns the city's water mains.
"Within literally a quarter of a mile, we've had three breaks within a month and a half," Councilman-at-Large Joe Del-santer said. "Not only that, but those breaks are endemic of what happens literally every year in cyclical time frames."
An analysis that seeks to

determine the issues behind the recent water main breaks is in the works and is almost complete, Keane said. There are multiple potential reasons for water main breaks to happen cyclically, and Cleveland Water will provide a full report of the analysis to the city.
One option is the suburban water main replacement program, he said, in which Cleveland Water awards funding for projects in the areas it serves.
Suburban municipalities, through their engineering departments, submit streets for examination, Keane said. The examination is based on factors such as break rate, age, lead service connections and flow rate.

State voters greet VP Harris

Chris Megerian, Josh Boak and Zeke Miller
The Associated Press

WEST ALLIS, Wisconsin — A roaring crowd of battleground state voters greeted Vice President Kamala Harris on Tuesday as she opened her public case against Republican former President Donald Trump by declaring November's election will be "a choice between freedom and chaos."

"In this campaign, I promise you, I will proudly put my record against his any day of the week," Harris said. "We believe in a future where every person has the opportunity not just to get by, but to get ahead."

Harris arrived in the Milwaukee area having locked up nomination support from Democratic delegates after President Joe Biden dropped his reelection bid on Sunday. It was her first campaign rally since she jumped into the race just two days ago with Biden's endorsement.

The event reflected a vibrancy that had been lacking among Democrats in recent weeks, and Harris was intent on projecting a sense of steady confidence about the November election. She's pulled in \$100 million in donations since Sunday afternoon and on Tuesday picked up the backing of more Democratic officials and political groups, including congressional leaders Charles Schumer and Hakeem Jeffries.

By stopping in Wisconsin, Harris was putting down a marker in one of the "blue wall" states along with Michigan and Pennsylvania that Democrats see as essential for securing a presidential victory.

The visit comes a week after the Republican National Convention wrapped up in the city and as Harris works to sharpen her message against the GOP nominee with just over 100 days until Election Day.

Harris' trip to the state was a sharp contrast to Biden's July 6 visit, when he was trying to reassure Democrats who were wary after his troubling

Vice President Kamala Harris campaigns for president as the presumptive Democratic candidate during an event at West Allis Central High School in West Allis, Wisconsin, on Tuesday.

performance in the June 27 debate against Trump. Sen. Tammy Baldwin, who is up for reelection this year, had skipped the Biden event, but she spoke before Harris on Tuesday.

Harris is leaning into her resume as a former district attorney and California attorney general, seeking to draw a contrast with Trump who is the first former president to be convicted of felony crimes.

"She's prepared to meet this moment because she was professionally trained to prosecute a criminal, and unfortunately that's who the Republicans have put forward," said Sen. Laphonza Butler, D-Calif.

Harris strode onto the stage Tuesday to the anthem "Freedom" from Beyonce's "Lemonade" album and set

about contrasting herself with Trump.

"I took on perpetrators of all kinds. Predators who abused women. Fraudsters who ripped off consumers. Cheaters who broke the rules for their own gain. So hear me when I say, I know Donald Trump's type," she said.

Harris cast her campaign as a "people first" endeavor, again aiming to draw a contrast with Trump, who she said represented special interests and corporations.

She also portrayed her rival's policies as being antiquated and backward looking. "We are not going back," she said. "And I'll tell you why we are not going back. Ours is a fight for the future." That echoed Barack Obama who frequently deployed the refrain during his 2012 reelection fight to

argue against Republican ideas.

Harris' swift ascent over the past few days has required her to vet possible running mates, a process being led by Eric Holder, who was attorney general during Barack Obama's presidency. But her key impact so far has been galvanizing Democrats.

Before the Tuesday speech, Diane Walter, 68, of South Milwaukee said she was thrilled that Harris is the candidate.

"I've been a Democrat my whole life," Walter said. "She's energizing the party again."

Tevin Humphrey, 21, came with his mother Myeeshia Johnson, 41, and described the vice president as "a great figure to look up to."

"She's a better representative of the

diversity we're looking for," he said.

Trump and his campaign have quickly turned most of their focus on Harris and have asserted that they were prepared for the change and it did not alter their plans.

The former president has nicknamed the vice president "Lyn' Kamala Harris," accused her of not being tough enough on crime as a prosecutor and sought to bind her to the administration's policies on the border as he seeks to make immigration a focus of his campaign.

But there are signs that Trump seems to be unhappy about facing the younger vice president rather than making his case against the aging president. Twice since Biden dropped out, Trump has said the planned second presidential debate should not be hosted by ABC News and suggested it be moved to Fox News, which has a perception of being friendlier to him.

Harris' husband, Doug Emhoff, at an appearance in Washington, said he was unimpressed by Trump's attacks, telling reporters Tuesday, "That's all he's got?"

In addition to Baldwin, Harris was joined by major elected officials in Wisconsin, including Gov. Tony Evers, Attorney General Josh Kaul, Secretary of State Sarah Godlewski and Wisconsin Democratic Party Chair Ben Wikler.

Republican leaders in Wisconsin, for their part, branded Harris as an "extreme liberal" who is out of step with most voters in the swing state.

"Kamala Harris' favorables are as bad as Joe Biden's," said Wisconsin Republican Party Chairman Brian Schimming at a news conference ahead of the Harris event at a high school outside of Milwaukee. "So they are exchanging one bad candidate for another bad candidate in the hope that the people of this state and this country don't notice where she actually stands on the issues."

The event reflected a vibrancy that had been lacking among Democrats in recent weeks, and Vice President Kamala Harris was intent on projecting a sense of steady confidence about the November election. She's pulled in \$100 million in donations since Sunday afternoon and on Tuesday picked up the backing of more Democratic officials and political groups, including congressional leaders Charles Schumer and Hakeem Jeffries.

Projects are selected for funding based on their score compared to the applications from other communities.

"We will communicate immediately with you where it stands on all the other community submissions ..." he said. "We'll let you know within the month."

Submissions for the suburban water main replacement program closed recently, but because of the circumstances, Brunswick will be allowed to apply for state Route 303, Keane said.

"Given that the break right now has escalated so much in the last three weeks, we have to assume that a section, depending on the analysis, will be eligible for funding this year," he said.

The program is one avenue the city can take, Vice Mayor Nick Hanek said. Analysis could come back and show there is another solution to the city's water main breaks.

"We're going to find a solution," he said. "We're going to approach it and fix it."

Additionally, the unit has privacy curtains and hygiene supplies. There will also be trained professionals available to clean the space between uses and to answer questions.

"We want to give opportunities to not only people with developmental differences but anyone with mobility issues the chance to fully participate in their community and to enjoy recreation and social activities with everybody else," Maleckar said. "We are very excited to provide this resource within our community and to make an impact locally for those who need it most."

The Mobile Changing Unit debuted

at the Taste of Wadsworth on July 17. During the event, the unit was used by 13 people, according to Maleckar.

With it being the unit's first time in Medina County and no one knowing what it was, Maleckar said it was exciting to see it be used as much as it was at that time.

Following its debut at the Taste of Wadsworth, a changing unit will be set up behind the Community Center building during the Medina County Fair, July 29 through Aug. 4, for the public's use.

The MCBDD is working along with the Medina County Fair Board to provide and fully fund the unit's services.

"The Mobile Changing Unit is a great resource to bridge a gap and provide a solution that is both convenient and

inclusive and we are proud to partner with the Medina County Fair Board to provide this important service at their event," Maleckar said.

Maleckar said she is working with the cities of Brunswick, Medina and Wadsworth to bring a changing unit to different events throughout Medina County.

"It just allows people that opportunity to do things that we take for granted, without worrying about personal needs," she said.

Biden said in a statement that "what happened that day can never happen again," and he planned to appoint a new director soon, but he did not discuss a timeline.

The president and Homeland Security Secretary Alejandro Mayorkas thanked Cheatle for her service. Mayorkas appointed Deputy Director Ronald Rowe as acting director.

He has worked for the agency for 23 years.

"At this moment in time, we must remain focused," Rowe said in a note to staff obtained by AP. "We will restore the faith and confidence of the American public and the people we are entrusted to protect."

Congressional questioning

At the hearing Monday, Cheatle remained defiant that she was the "right person" to lead the Secret Service, even as she said she took responsibility for the failures. When Republican Rep. Nancy Mace suggested Cheatle begin drafting her resignation letter from the hearing room, Cheatle responded, "No, thank you."

The 20-year-old shooter, Thomas Matthew Crooks, was

able to get within 135 meters of the stage where the former president was speaking when he opened fire. That's despite a threat on Trump's life from Iran that led to additional security for the former president in the days before the rally.

Cheatle acknowledged Monday that the Secret Service was told about a suspicious person two to five times before the rally shooting. She also revealed that the roof from which Crooks fired had been identified as a potential vulnerability days earlier. But she failed to answer many questions about what happened, including why there were no agents on the roof.

A bloodied Trump was quickly escorted off the stage by Secret Service agents, and agency snipers killed the shooter. Trump said part of his right ear was pierced in the shooting. One rallygoer was killed, and two others were critically wounded.

Details continue to emerge about signs of trouble that day and the roles of the Secret Service and local authorities. The agency routinely relies on local law enforcement to secure the perimeter of events. Former top Secret Service agents said the gunman should never have been allowed to gain access to the roof.

After Cheatle's resignation, Trump posted on his social media network: "The Biden/Harris Administration did not properly protect me, and I was forced to take a bullet for Democracy. IT WAS MY GREAT HONOR TO DO SO!"

The House Homeland Security Committee had asked Cheatle to testify Tuesday for another hearing on the assassination attempt, but lawmakers said she refused. Cheatle's name was on a card on a table in front of an empty chair during the hearing, which began shortly before her decision to step down became public.

Investigating an ever-growing number of threats

The Secret Service is a part of the Department of Homeland Security, which includes immigration, transportation security and the Coast Guard. The department was formed after the Sept. 11, 2001, terrorist attacks.

A few years ago, there was a movement to shift the agency back to the Treasury Department, where it was housed before Sept. 11, particularly because Homeland Security's intense focus on immigration added to the growing divide between what the Secret Service sees as its dual missions — protecting the president

and investigating financial crime — and the mission of its parent department. But that movement stalled.

Roughly half of the Secret Service's \$3 billion budget is spent on protective services. It also has a robust cybercrime division, state-of-the-art forensic labs and a threat-assessment center that studies how to mitigate and train against threats.

With a workforce of 7,800 special agents, uniformed officers and other staff, the Secret Service has investigated an ever-increasing number of threats against the president and other officials under its protection. It has also managed a growing number of high-profile government figures asking for support. Staffing has not kept pace with the workload increase. Around Sept. 11 there were about 15 full-time protectees. That number has now more than doubled.

Trump is the first modern ex-president to seek another term, and because of his high visibility, his protective detail has always been larger than some others. That protective bubble got tighter in recent months as he drew closer to the nomination. All major party nominees are granted enhanced details with counterassault and counter-sniper teams similar to the

president.

Calls for accountability

There were calls for accountability across the political spectrum, with congressional committees immediately moving to investigate and issuing subpoenas. Top Republican leaders from both the House and the Senate said Cheatle should step down.

Biden, a Democrat, ordered an independent review into security at the rally, and the Secret Service's inspector general opened an investigation. The agency is also reviewing its countersniper team's "preparedness and operations."

On Tuesday, Republican House Speaker Mike Johnson said Cheatle's resignation was "overdue."

"Now we have to pick up the pieces. We have to rebuild the American people's faith and trust in the Secret Service as an agency," Johnson said.

Meanwhile, Sens. Chuck Grassley, R-Iowa, and Catherine Cortez Masto, D-Nev., introduced legislation Tuesday to require Senate confirmation of future Secret Service directors.

Cheatle served in the Secret Service for 27 years. She left in 2021 for a job as a security executive at PepsiCo before Biden asked her to return in 2022 to head the agency.

Safety Success!

Celebrating Safety Town Plus+

The Medina County Board of DD was excited to host its Safety Town Plus program from June 17-21. The program offered all the regular Safety Town fun "PLUS" the extra help some children with developmental differences may need.

The MCBDD worked with the Medina County Sheriff's Department, volunteers from the Granger Fire Department, and the staff from the Medina City Schools Transportation Department, along with a variety of other volunteers, to present this unique program.

This year marked the eleventh year the MCBDD has offered this program which has been provided to about 250 students with disabilities in Medina County. The specially designed program is one of only a handful of Safety Towns offered across the nation which cater to children with disabilities.

Ice Screaming... We All Wanted Ice Cream

The MCBDD's annual Free Community Ice Cream Social took place June 20 at the Medina County Achievement Center.

Over 1250 people enjoyed games, character meet and greets, entertainment and, of course, free ice cream sundaes!

The event is made possible entirely through private donations, including Smith Foods who generously provided the ice cream. This event showcase the importance of supporting the inclusion of people with disabilities in our community. Studies show when people with disabilities are included in community events, they develop the confidence they need to achieve life goals.

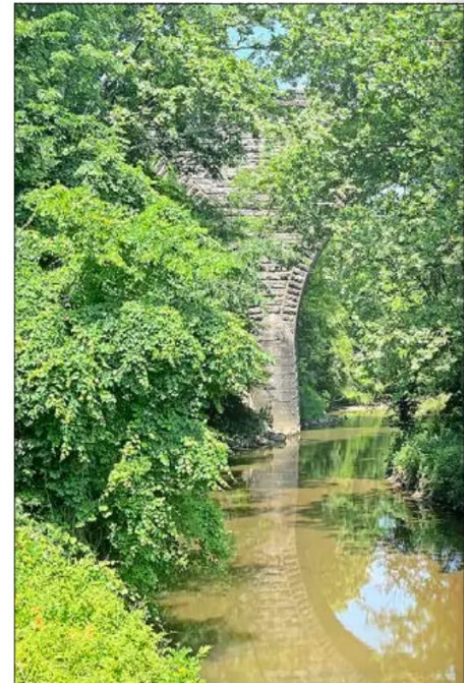

Honoring 34 Years of ADA

One of the biggest milestones for people with disabilities was the passage of the Americans with Disabilities Act (ADA) in July of 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in many areas of life, including jobs, schools, transportation, and public and private places that are open to the general public. It was put in place to make sure that people with disabilities have the same rights and opportunities as everyone else.

This year marks the 34th anniversary of its passage and is an opportunity to honor the history, achievements, experiences, and struggles of the disability community. One in five Americans has some type of disability, which is why the ADA is so important to helping so many people.

the then-newly acquired Pittsburgh and Western Railroad.

In order to make that section a part of the Baltimore and Ohio's direct route to Chicago, an entirely new stretch of railroad had to be built from Akron to Willard, Ohio, where the Chicago Junction sat. This was completed in 1893 and passed through Lodi and over the West Fork of the East Branch of the Black River.

"The significance of the masonry structure used instead of fabricated steel is illuminated by the commentary on the similar Brandywine Viaduct at Wilmington, Delaware, completed after 1910," the NARA said.

The bridge was built during a period when the

governing bodies of the railroads inclined to favor the stone arch for use in permanent bridge structures.

"The new Wilmington bridge became a stone-arch structure from end to end — and one of the handsomest ever built in America ... it typified the highest ideals of bridge construction; of all time or place ... the Wilmington Bridge is one of the very few in the United States built for all time and for all conditions of service," the NRDB continued, comparing the Black River Viaduct to a well-known span in Delaware. "These general conclusions apply to the Black River viaduct as well, even though it consists of three spans instead of seven."

Those remarks were prepared in 1975 by preservationist Eric Johannesen of the Western Reserve Historical Society in Cleveland.

Crowning a king 'MJ' depicts Michael Jackson's 1992 Dangerous World Tour

Now it's tears of joy as the New York City native helps to shine a light on the Rock & Roll Hall of Fame inductee in the first national touring production of "MJ." The four-time Tony Award-winning musical makes its Cleveland premiere, appearing Tuesday through Aug. 11 at the KeyBank State Theatre.

"I was interested in Michael Jackson through the way he is involved in every kind of facet of the world," said Hipps, calling from Boston. "You go to a restaurant, you'll hear Michael Jackson. You go to a mall, you'll hear Michael Jackson."

"I was always really inspired by the fact that he was a young Black artist, like myself. There's hope in that, there's inspiration." Created by Tony Award-winning director/choreographer Christopher Wheeldon and two-time Pulitzer Prize winner Lynn Nottage, "MJ" revolves around the making of the 1992 Dangerous World Tour.

The production goes beyond the singular moves and signature sound of the star, offering a rare look at the creative mind and collaborative spirit that catapulted Jackson into legendary status as the King of Pop.

A swing member of the cast, Hipps covers for the roles of Tito, Jermaine and Jackie Jackson as well as others.

Being prepared to cover so many roles is something he learned while studying musical theater at

Naturally, when considering its resume coupled with REO Speedwagon performing in Northeast Ohio, the band's exclusion from the Rock & Roll Hall of Fame was a topic of conversation.

Considering many of the arena rock act's peers — Journey, Chicago, Doobie Brothers, Foreigner — have entered the Rock Hall, it's only natural for Cronin and company to wonder if the band is on the shortlist.

"Well, we haven't gotten that call yet," he said. "We do have some artifacts in the classic rock exhibit. I've got a guitar in there and there's a nice little display. But am I holding my breath for it? No."

"We've never gotten that kind of critical acclaim but my goal is to be the Betty White of rock 'n' roll. At 90 years old, she hosted 'Saturday Night Live' and killed it." That's actually a conversation Cronin has had numerous times with Tommy Shaw, who is also waiting for Styx to get the Rock Hall call. They plan on being the last men standing.

"When all the other bands have retired and given up, REO Speedwagon and Styx are still going to be out there," he said. "And maybe then, the Rock & Roll Hall of Fame will go, 'You know what, these guys have been around a long time. They deserve to be in there.'"

Celebrating Safety Town Plus+

The Medina County Board of DD was excited to host its Safety Town Plus program from June 17-21. The program offered all the regular Safety Town fun "PLUS" the extra help some children with developmental disabilities may need.

The MCBDD worked with the Medina County Sheriff's Department, volunteers from the Granger Fire Department, and the staff from the Medina City Schools Transportation Department, along with a variety of other volunteers, to present this unique program.

This year marked the eleventh year the MCBDD has offered this program which has been provided to about 250 students with disabilities in Medina County. The specially designed program is one of only a handful of Safety Towns offered across the nation which cater to children with disabilities.

Honoring 34 Years of the ADA

One of the biggest milestones for people with disabilities was the passage of the Americans with Disabilities Act (ADA) in July of 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in many areas of life, including jobs, schools, transportation, and public and private places that are open to the general public. It was put in place to make sure that people with disabilities have the same rights and opportunities as everyone else.

This year marks the 34th anniversary of its passage and is an opportunity to honor the history, achievements, experiences, and struggles of the disability community. One in five Americans has some type of disability, which is why the ADA is so important to helping so many people.

Ice Screaming...We All Wanted Ice Cream

The MCBDD's annual Free Community Ice Cream Social took place on June 20 at the Medina County Achievement Center. Over 1250 people enjoyed games, character meet and greets, entertainment and, of course, free ice cream sundaes!

The event is made possible entirely through private donations, including Smith Foods who generously provided the ice cream.

This event showcase the importance of supporting the inclusion of people with disabilities in our community. Studies show when people with disabilities are included in community events, they develop the confidence they need to achieve higher life goals.

- Mobile Changing Unit -

Do you have an event in Medina County?

Do you want to make it more accessible and welcoming?

People with mobility issues - senior citizens, veterans, people with disabilities - want to enjoy all their community has to offer, but most often encounter barriers such as restroom access which stops them from attending and enjoying these opportunities.

That is why the Medina County Board of DD is proud to fund the services of a Mobile Changing Unit for events throughout Medina County.

The Mobile Changing Unit is provided - free of charge - by the MCBDD to local community events to provide dignity, full inclusion, and accessibility to quality restrooms in the community. This gives people who have mobility limitations a safe and dignified place for personal care. It ultimately allows them to enjoy participating in events without having to be concerned about a normal, daily activity others take for granted - restroom accessibility.

The Mobile Changing Unit offers:

- Platform chair lift to enter the vehicle
- Height adjustable, adult-sized changing table (with shower capability)
- Toilet/bidet with adjustable grab bars
- Adjustable ceiling hoist for transfer assistance
- Height adjustable sink
- Privacy curtains
- Hygiene supplies (gloves, changing pads, sanitizer, etc.)
- Heating, A/C and ventilation
- A dedicated team of trained professionals to clean the space between uses and to answer questions
