

- DSP Spotlight -

November 2024

Madison Kucera

What do you like to do in your free time? I enjoy spending time with family, friends, and my four-legged friends, Luna and Teddy.

How long have you worked as a Direct Support Professional? I started working as a DSP on November 9, 2020.

How did you start in the field? I started working part-time while attending school. After graduation, I decided to pursue this field full time.

Has there ever been anyone that has stood out to you as a mentor in this field? Yes, my mother, Melissa.

What is your favorite thing to do with the people you serve? I love taking clients on fun adventures that they enjoy doing and teaching them new skills and community integration.

What is your favorite part of being a Direct Support Professional? My favorite part is seeing my clients smile and be happy. I also enjoy working and interacting with guardians and parents on a daily basis.

What makes Madison a great DSP?: Maddie does a wonderful job at the Enhance Ability Day Hab, where she takes care of multiple clients while executing every client's achievement outcomes and behavior plans. She does such a great job with paperwork that she has become a mentor for our other employees when they are unsure or have questions. She confidently represents our company in meetings with parents/guardians, SSAs and other members of the team. Maddie is a great team player here at Enhance Ability, and she has a promising future in our field.

Thank you for your outstanding contributions to helping people with developmental disabilities and their families in Medina County. Thank you for sharing your dedication and commitment to making a difference in the lives of others every single day.
